ETHAN MILLER/GETTY IMAGES

#IMPASTOR

A vibrant, multi-colored nebula with stars in shades of blue, purple, and orange. The nebula features intricate patterns of gas and dust, with bright blue stars scattered throughout. The background is a deep black space filled with numerous smaller stars.

Who is Nick Porter?

Why is he so interested in
UFOs?

A deep space photograph showing a vast field of stars. In the center, there is a prominent, glowing nebula with a mix of orange, red, and blue hues. The background is a dark, star-filled sky.

What exactly does his hobby
involve?

A cosmic background featuring a blue and purple nebula, a bright blue star trail, and a semi-transparent blue rectangle containing text.

What do they use in UFO
hunting?
