- There are so many cars in the streets.
- The air is clean.
- They have a 'no car' day.
- He understands how important the problem is.

# Are there any environmental problems at our town?

Asking for someone's opinion

Saying you are worried.

Giving reasons.

Saying you are worried

Saying what you think you should do

Agreeing

# *Let's check.*

- ---What do you think about the fact that baby trees near our school are broken?
- ---I am worried about this fact. It is nice when there are a lot of plants near our school, besides trees make the air clean. And air pollution is a problem in our city.
- --- I'm also very worried that the trees are broken.
- --- I think we should take care of these trees and plant new ones.
- ---That's a good idea.

# Well, have you got any suggestions how to take care of environment ?

*S1—**I think** there are a lot of ways we can help the Earth. One way is to remember 3 R's.*

- *S2. ---**I think it is important** to leave wild flowers for others to enjoy.*
- *S3---**It is nice** to be a friend to fish, not to throw garbage into their home.*
- *S4---**More than that** we must plant trees to make homes for birds and small animals.*
- *S5---**So,** we must use our head. Smart people recycle paper, cans and glass.*
- *S6---**What's more,** we must leave the place clean*

# It is everybody's business...

- An outstanding English writer **John Galsworthy** said: "If you don't think about the future you will not have it."
- Let's think about the future. Let's keep our planet tidy and make it better place to live in. Let's save the Earth for ourselves and for the next generations.
