THE OLMEC CIVILIZATION  
FLOURISHED *during the formative  
period of Mesoamerica from about  
1500 BC to 400 BC Dalmatky culture  
existed from about 2500 BC by  
1600-1500 BC Early forms of the  
Olmec culture appeared in the area of  
San Lorenzo Tenochtitlan near the ocean  
on the South-Eastern part of the modern  
an state of Veracruz.*

Olmec culture

The Olmecs remember the world not only  
Its Cities And ritual  
games, but the invention of the first on  
the American continent's oldest  
writing

She was hieroglyphic  
Recording was carried out left to right, top  
down and was a archaic option later

# Olmec Heads

Olmec civilization predated Mayan, Aztec, and Inca civilizations. Beardless Olmecs who created these great stone portraits of themselves also created this bearded figurine. Is it possible to believe that the Olmecs **weren't** acquainted with old world civilizations?

Type the Olmec monument  
and referred to as an alt  
and monument, and the

The problem of the origin and death of the mysterious Indian people, inhabiting at the time, vast areas of southern Mexico, and still remains a major challenge for all researchers working in the pre-Columbian history of the New world.
