POPULAR SPORTS AMONG MY CLASSMATES

- 22 pupils of 6B class took part in a questioning. Analyzing the results it is possible to tell the following.
- 59% of pupils know that is rugby, 41% of them don't know.
- 18% of my classmates know what cricket is, and 82% don't know.
- 64% of respondents consider that the most popular sport in Russia is football, 13,5% - hockey, 9% - skiing, 9% don't know, 4,5% volleyball.
- 32% of respondents consider the most popular sport in Great Britain is rugby, 9% - soccer, 59% - don't know.
- The hobbies of my schoolmates are following - 18% of respondents play football, 27% - volleyball, 9% do figure skating, 18% aren't fond of sport, 9% have noted that they play both football and volleyball, another 18% of pupils have told that their interests in sport are various – volleyball, hockey and figure skating at the same time.
- 36,5% of pupils consider that the football is popular both in Russia, and in Great Britain, 9% think that this is rugby, 54,5% can't answer the question.
- **the most popular sport in 6B form is volleyball**, on the second place is football.

CONCLUSION

- there is both a similarity and a difference between sports in Great Britain and Russia
- Football is the most popular sport in both countries
- The most popular sports in Great Britain are football, cricket, rugby, golf and horse racing
- The most popular sports in Russia are football, hockey, volleyball, figure skating and rhythmic gymnastics
- The most popular sport in my form is volleyball

CONCLUSION

- My research maintains interest in learning of foreign language
- It awakens curiosity to investigate other fields of regional geography.
- I have a dream to make a trip to England and to observe peculiar and fascinating sports as cricket, rugby, croquet and golf.
