food

Biological
test

Smoke
from cars

Work with the map

Are there any ecological places in Kazakhstan?

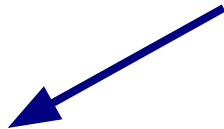

The Aral Sea Disaster

*What can you say about the Aral Sea ?
About the shrinkage of the Aral Sea ?*

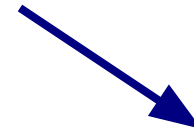

Shrinkage of the Aral Sea

*Salt, dust and pollution blown by
wind*

Air

Soil

До 1960-х годов Арал был четвертым по объему открытым водным бассейном в мире. За 48 лет его площадь сократилась с 68,9 до 18,24 км.

Береговая линия отступила на 150 км. Слабосоленая вода моря превратилась в крепкую рассол, убило более 200 видов флоры и фауны.

Let's watch a video about the ecology in Kazakhstan

Make up the sentences

In my country

The rivers
fur

The seas

The air

The animals

The birds

The forests

are
is

killed for meat, for skin, for

cut down

polluted (3)

destroyed

sold in the markets
