

Optimization of work with weak children
having problems in their knowledge of
English

You have to raise the alarm if your student:

- doesn't know letters and their sounds;
- cannot count from 1 to 10;
- cannot make sentences with verbs can/can't/am/is/are about himself or others;
- cannot read whole text from Student's Book

Helpful tips:

- To be friendly
- To be polite and helpful
- To motivate
- To encourage

Conclusion:

The first academic year is the most important for giving the basics in order not to deal with weak students in the future.

Thank you for your attention!
