**2017 The year of
ECOLOGY in
Russia**

environment

*- all the world
around us*

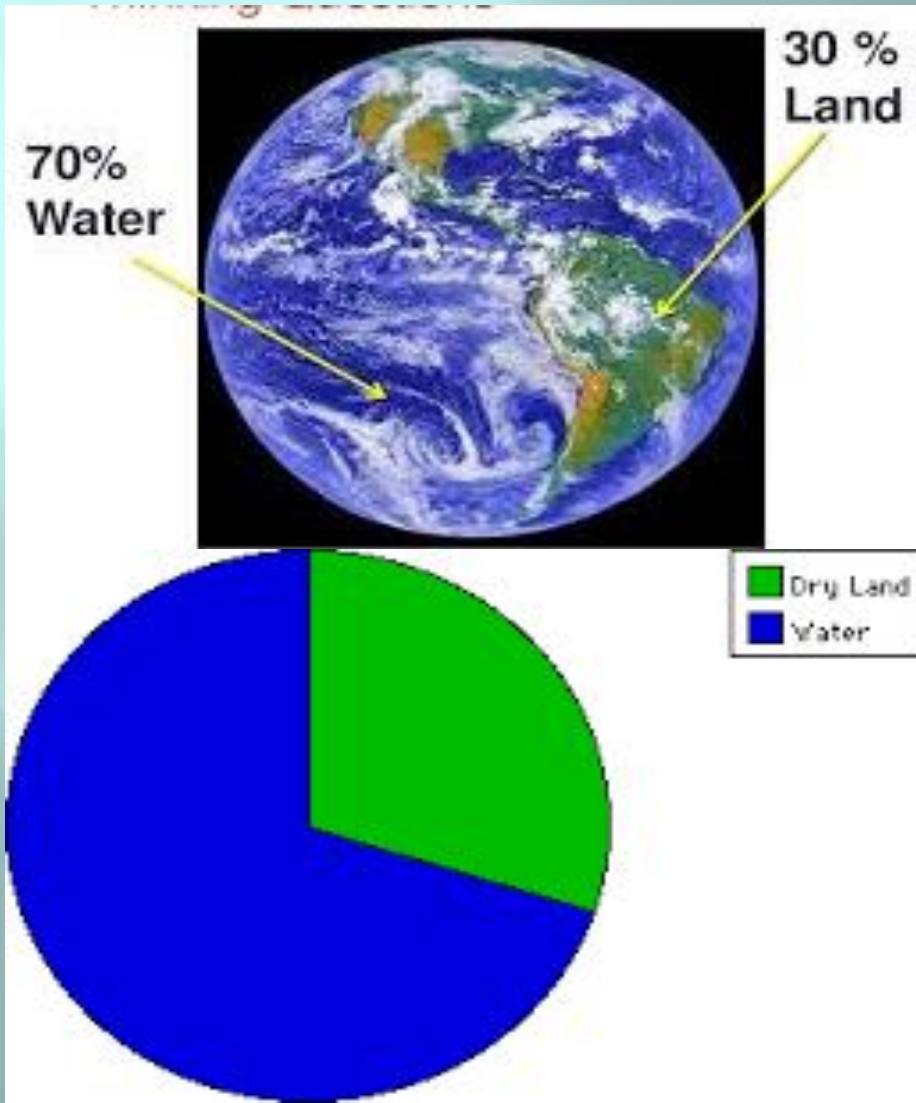

pollution

*- something that
makes water, air
and land dirty*

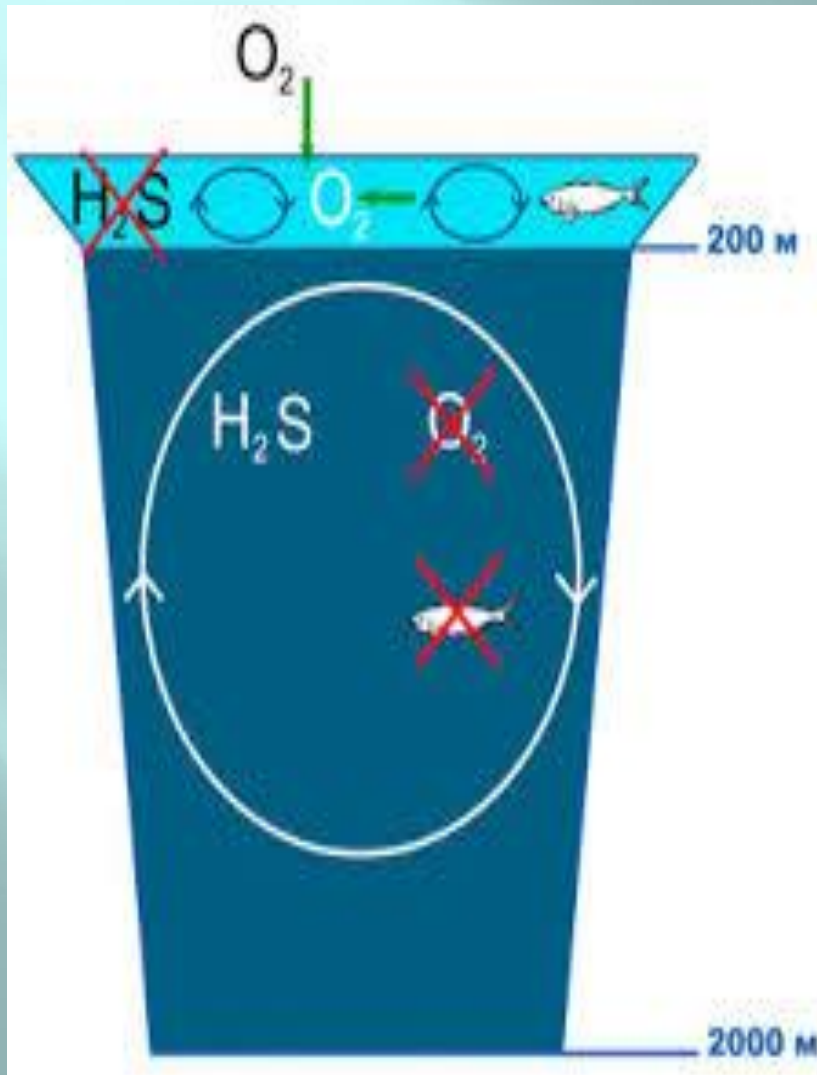

**protection of the
environment**

*---- the act of
protecting
nature*

There are 30% of land and 70% of water in our planet

The Black sea is unique!

The water of the Black Sea is unique: **200 metres of water is full of OXYGEN** and deeper than 200 metres, the Black Sea water **does not contain oxygen,** it contains **dissolved sulfuric hydride.** There aren't any sea animals on the bottom.

Why is the Black Sea called “black”?

- 1. People say that in winter the sea is often stormy and black.**
- 2. At depth of 200 metres there are unique microorganisms which have black colour.**
- 3. It is called the Black sea because it was a Sea of Death and ship's tragedies.**
- 4. Greeks called the Black Sea "inhospitable sea" because it was difficult to navigate.**

The Black Sea is one of the most isolated seas from the World Ocean

Six countries have an outlet to the Black Sea: **Turkey, Georgia, Russia - (Krasnodar region), Crimea, Ukraine, Romania and Bulgaria.**

The Bucharest Convention on the Protection of the Black Sea

These six countries signed the Convention on the Protection of the Black Sea Against Pollution (Bucharest Convention), it was signed in Bucharest **on the 21-st of April 1992.**

The problem is littering the beaches

Polluting the beaches

Sometimes domestic animals come to the beaches, walk there and even eat rubbish.

**It's dangerous!
It's awful!**

Water pollution

Some factories, restaurants and people pour chemicals and dirty water into the sea.

And sometimes the beaches are closed!

“WE ARE THE FRIENDS OF THE BLACK SEA.”

“Stopping
Pollution
Is The
Best
Solution.”

The Friends Online

What do you feel about the Black sea? What does it mean for you?

The Black Sea for me is a great pleasure! It's making sandy figures, swimming and diving. My dad taught me swimming when I was seven, so I can swim, dive and jump well. If I dive underwater, I will see a lot of fish. It is very fascinating!

I love our Black sea because in summer I can swim and sail a yacht.

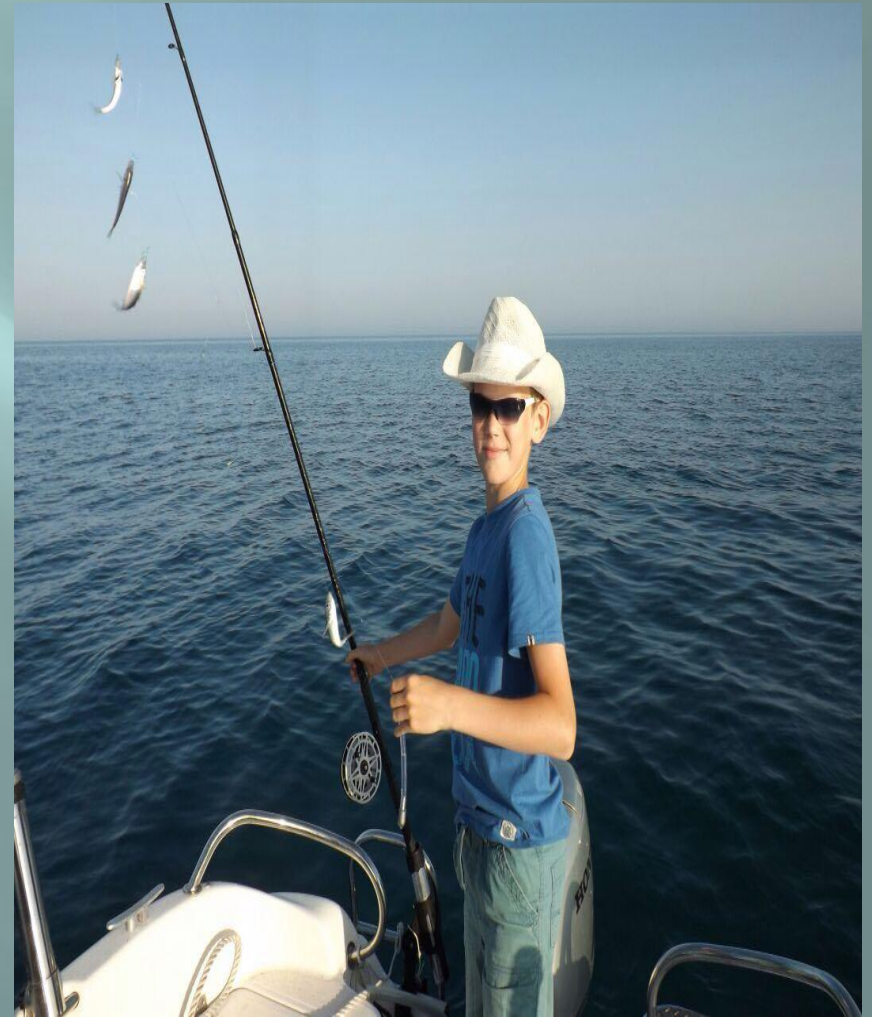

The water in the deep sea is so blue and clear! I love watching the dolphins! It's so pleasant!

What do you see in the Black sea? Animals, moving free!

The Black Sea for me is swimming and fishing. I love fishing with my dad and my friend. As for me, I know all fish in the sea near Anapa.

Summer is my favourite time for fishing

I remember my biggest fish. It was bonito. I'm proud of it! The Black Sea is my favourite place.

Write negative imperatives

throw	cars	in the water of the Black sea
wash	litter	on the seashore
leave	dirty water	into the sea
pour	rubbish	into the Black sea

- ❖ **Don't pour dirty water into the sea !**
- ❖ **Don't wash cars in the water of the Black sea !**
- ❖ **Don't throw litter into the Black sea !**
- ❖ **Don't leave rubbish on the sea shore!**

We live on the Black Sea coast

Our home - town Anapa is situated on the Black Sea coast. It is the resort-town, full of sun, sea and pleasure.

We are sure, that the Black Sea is our treasure!

Anapa is my home-town!

Oh, Anapa, my pretty
home !
A small town near
the sea,

And every day I
really see
The noisy seagulls
flying slow
And concert of blue
waves below

I can adore its
sandy beaches
And from July
eat **juicy peaches**
The Black Sea - is
Russian treasure!
To swim in it –is
real **pleasure!**

**All beaches are
full of people**

**And none of
them is pale**

**Anapa is my
lovely home**

**The town from
the fairy- tale!**
