

# Времена года и погода

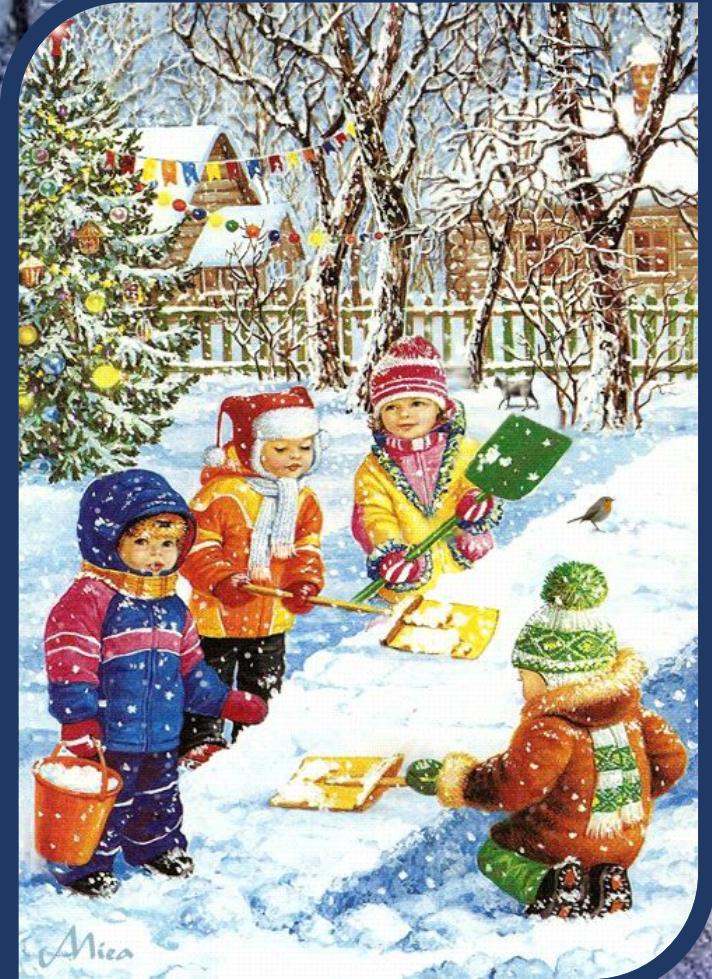

The seasons and  
the weather

# Winter

Winter is the coldest time of the year. It starts in December.

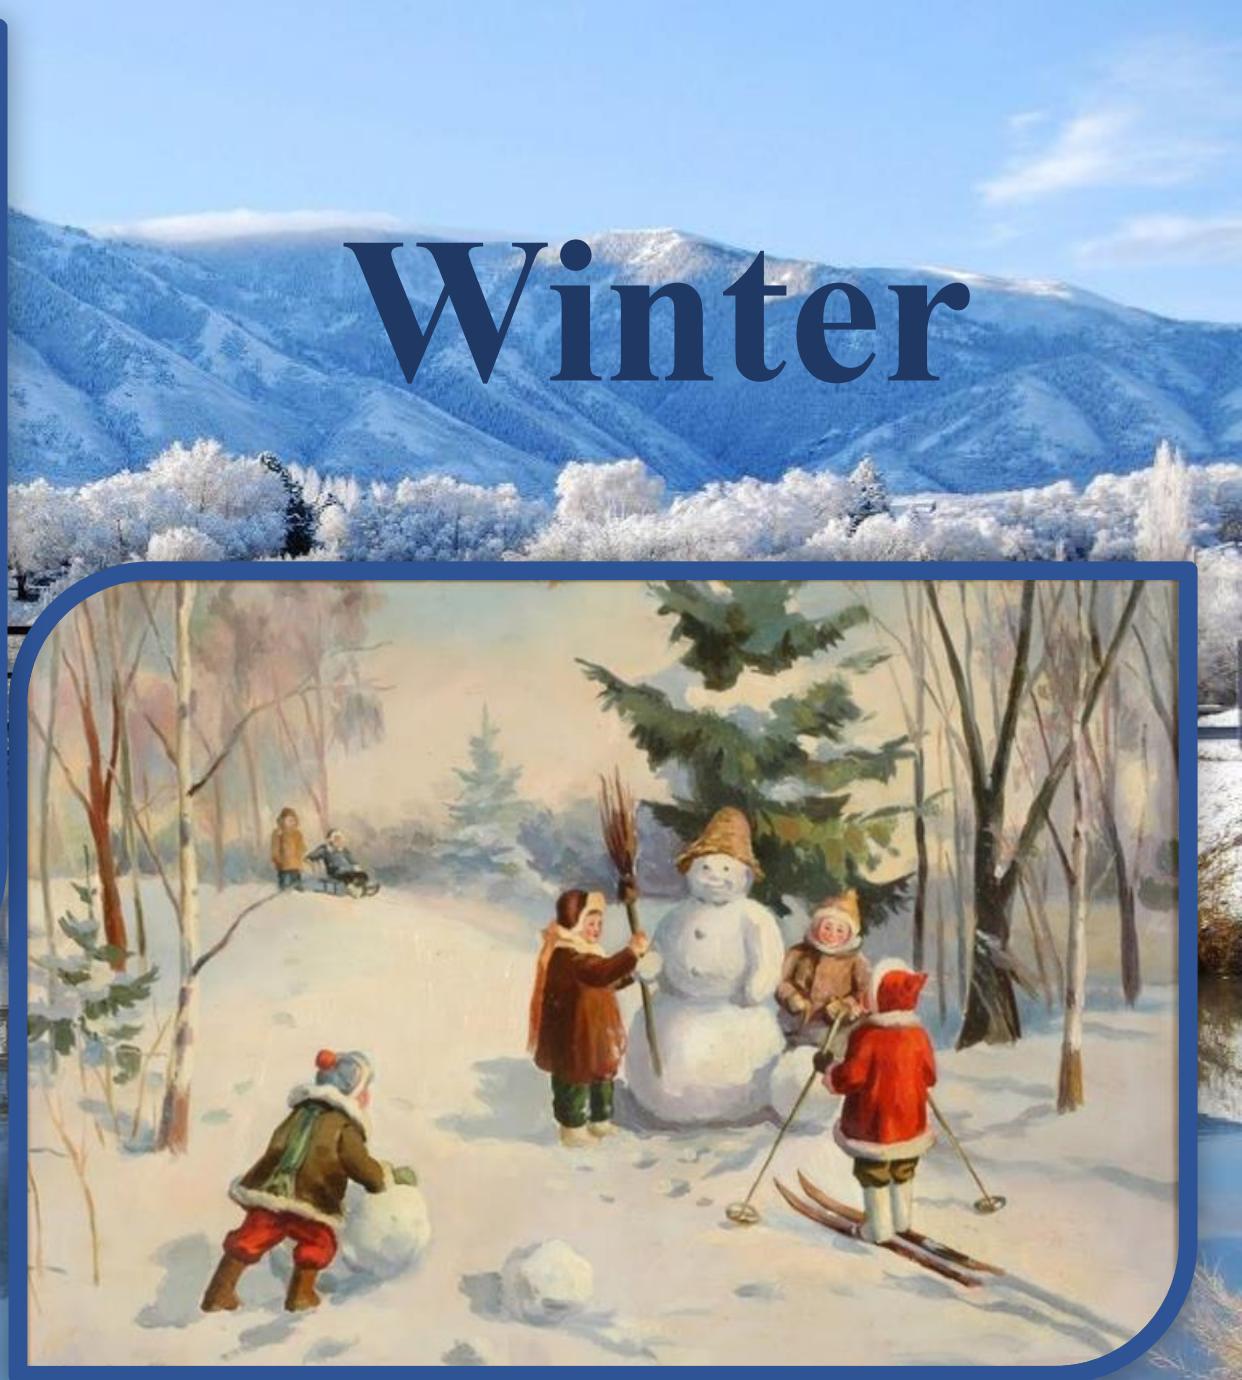

# Winter

Rivers and lakes are covered with thick ice.

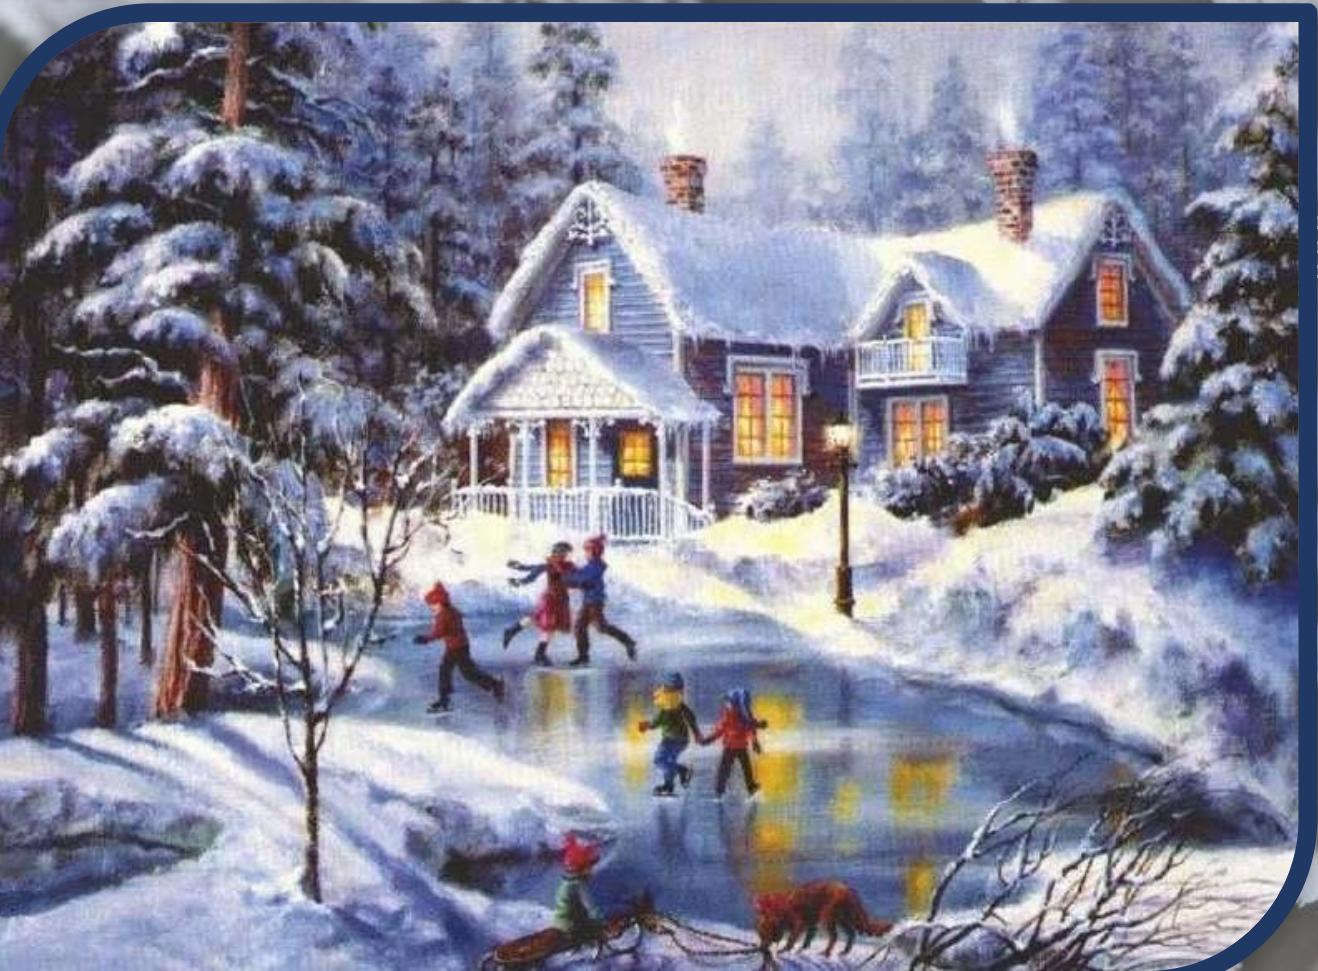

Everywhere there  
is fluffy snow.

# Winter

# Winter

Children are happy. They ski, skate, play snowballs, make snowmen.

In winter we celebrate The New Year Day and Christmas.

# Spring

Spring comes after winter.  
There are three spring  
months: March, April and  
May.

# Spring

**Spring is the most delightful season of the year.**

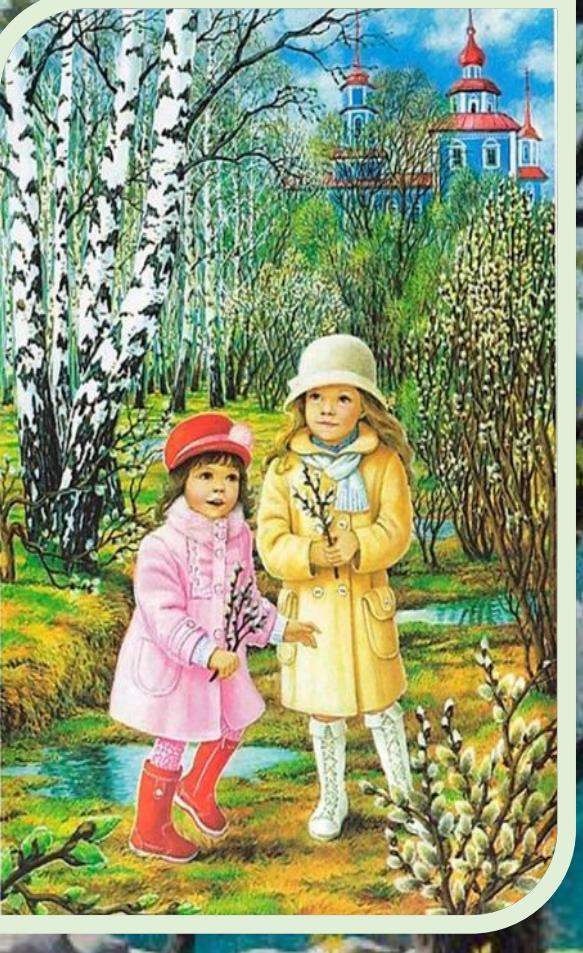

**Despite of the fact that in spring showers may be observed, many people consider it the best of all seasons.**

# Spring

The spring holds the snow and running streams. In spring the snow melts and streams flow. There are first snowdrops in the forest. In the trees appear green leaves.

# Spring

In spring the days get longer and the nights are shorter. Only in spring the new life is born – buds are opening and flowers are coming out.

# Summer

There are three months in summer:  
June, July and August. It is a time to  
rest and just have fun.

# Summer

Summer is a wonderful time of the year. It is loved both adults and children.

# Summer

In summer you can swim in the river or the sea. Trees and shrubs adorn the lush green attire. The ground is covered with green grass.

# Summer

The Sun shines from morning till night. Sometimes it rains. There are a lot of berries and mushrooms in forests at the end of August.

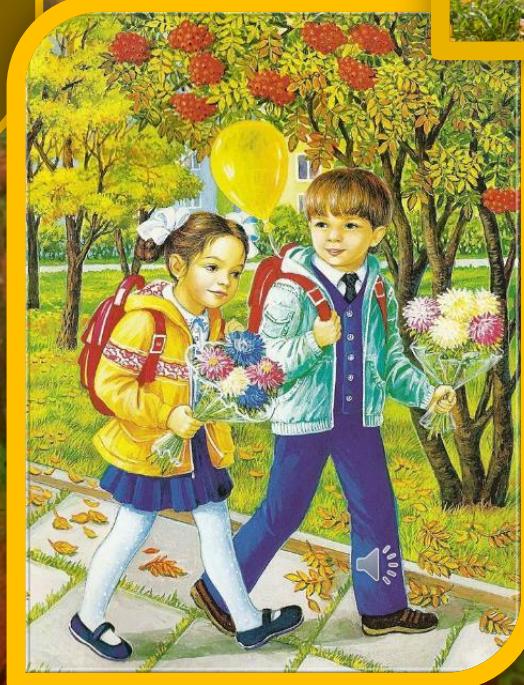

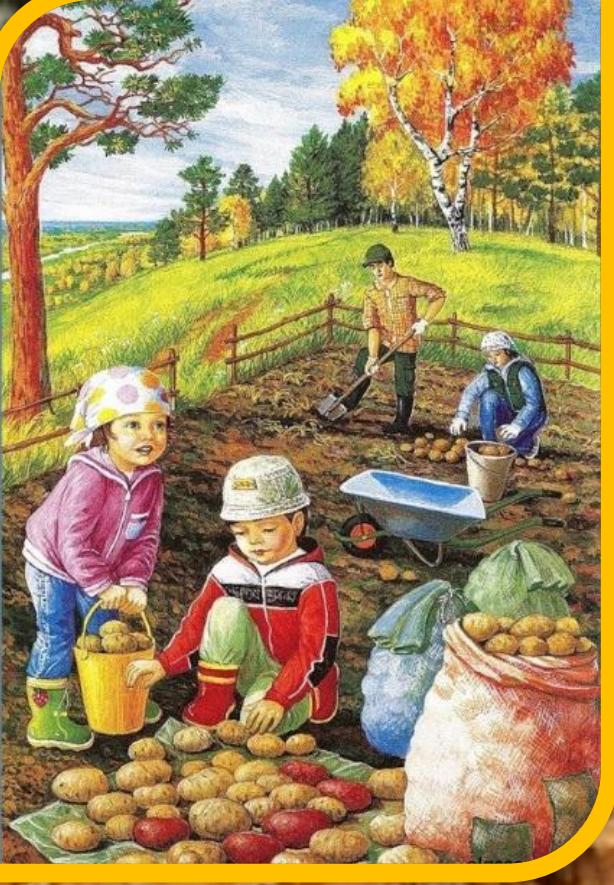

There are three months in Autumn: September, October, November.

On the first of September children go to school.

Autumn can be divided into two parts – the beginning of autumn and the end of it.

# Autumn

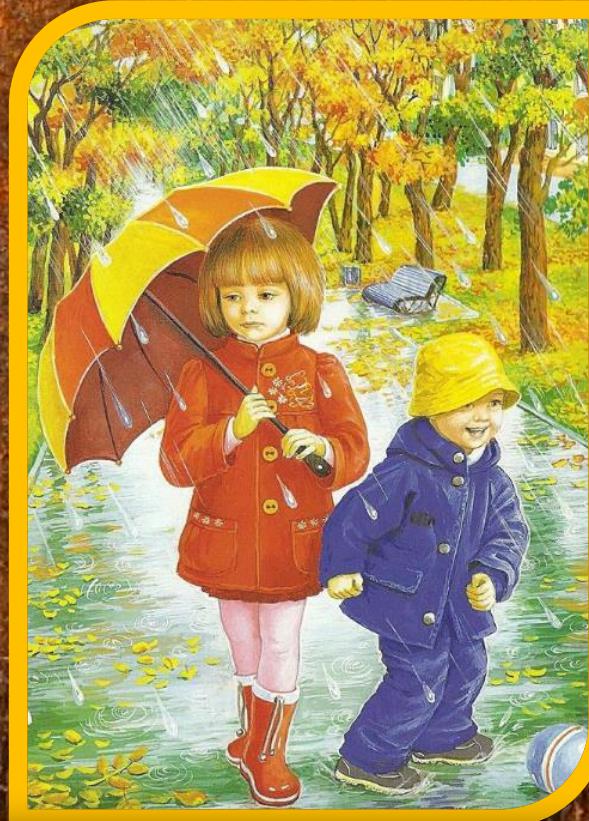

The weather at the beginning of Autumn is warm. Yellow leaves fall and this majestic scenery won't let us be sad.

# Autumn

The second part of autumn is not as charming as the first. Rains, slush and mud – it's something that people hate the most. It gets windy and rainy. The trees are dark yellow and red.

In November as a rule the weather becomes cold. There are no leaves in the trees. And after the 20-th of November it usually snows.

Thanks for your  
attention!
