CANADA*

CANADA

- Niagara Falls is the collective name for three waterfalls that straddle the international border between Canada and the United States; more specifically, between the province of Ontario and the state of New York. They form the southern end of the Niagara Gorge.

Niagara Falls

Northern Lights Aurora Borealis

- The Tower is not just one of the biggest Toronto tourist attractions; it also rates as one of Canada's most photographed buildings – possibly THE most photographed, after the Parliament Buildings.

CN Tower, Toronto

- The route measures 298 km (185 mi) in length and completes a loop around the northern tip of the island, passing along and through the scenic Cape Breton Highlands.

Cabot Trail

- The Bay of Fundy is known for having the highest tidal range in the world.

Bay of Fundy

- Unlike other large urban parks, Stanley Park is not the creation of a landscape architect, but rather the evolution of a forest and urban space over many years.

Stanley Park

- **Parliament Hill** colloquially known as **The Hill**, is an area of Crown land on the southern banks of the Ottawa River in downtown Ottawa, Ontario. Its Gothic revival suite of buildings is the home of the Parliament of Canada and has architectural elements of national symbolic importance. Parliament Hill attracts approximately 3 million visitors each year.
