

Thanksgiving Day

The background of the slide is a rich autumn scene. In the foreground, several large, ripe pumpkins with orange and yellow hues are scattered across a field of tall, golden-brown grass. Some pumpkins are partially cut, showing their hollow interiors. In the mid-ground, more pumpkins are scattered across a rolling hillside. The background features a soft, glowing sunset or sunrise sky with warm orange and yellow tones blending into a deep blue. A large, bright sun is visible on the left side, casting a long, soft glow across the scene. The overall atmosphere is peaceful and celebratory.

Thanksgiving Day, is a holiday celebrated in the United States on the fourth Thursday in November
