My summer holidays.

I like summer holidays very much. It is warm and I have a lot of free time in the open air.

I usually spend June at the seaside. We usually go to Sochi. My parents and I have been there several times. I like to swim in the Black Sea and try to get suntan by spending a lot of time on the beach.

In July I go to a camp. We have a fun and happy time there. There is a forest near our camp and we go there to pick berries and mushrooms.

I like summer and enjoy my summer holidays very much.

Mostly As

You are a **SLEEPING BAG**. Camping isn't your idea of fun. The ground is cold and the backpack is very heavy. So it's better for you to go by car. But you are clever. If something happens, you have good ideas which help everybody. And your friends really like to listen to your stories by the campfire.

Mostly Bs

You are a **CAMPFIRE**. Everybody likes you. You are always the centre of any group. You sing, you dance, you make jokes. Camping without you isn't fun. But you are not always ready for difficult situations – you need your friends like a campfire needs a lot of wood.

Mostly Cs

You are a **TORCH**. You are a very good camper and will survive in any situation. You always help your friends if they ask for help. You can make a campfire and cook food, you can carry heavy things.

If you didn't go to the sea or in the country, but stayed in town during your summer holidays, you also did many interesting things.

- Did you ride a bike with your friends?
- Did you watch TV?
- Did you play computer games?

Каникулы

Каникулы. Нет на свете школьника, который не любит каникулы! А вот происхождение этого слова знают не все! При переводе его с латыни получится «собачка», «щенок»! Каникулой древние римляне стали называть самую яркую звезду в созвездии Большого Пса. В самые жаркие дни солнце проходило через это созвездие. Тогда-то и делали перерыв в занятиях, наступали каникулы!

Your homework

Use photographs or draw the pictures.

Why do you like to spend your summer holidays in the country?
