

Youth problems and worries

**Modern youth do
not keep their
culture**

Young people have a lot of problems

One of them is our society

Teenagers reluctant to listen to their parents advices

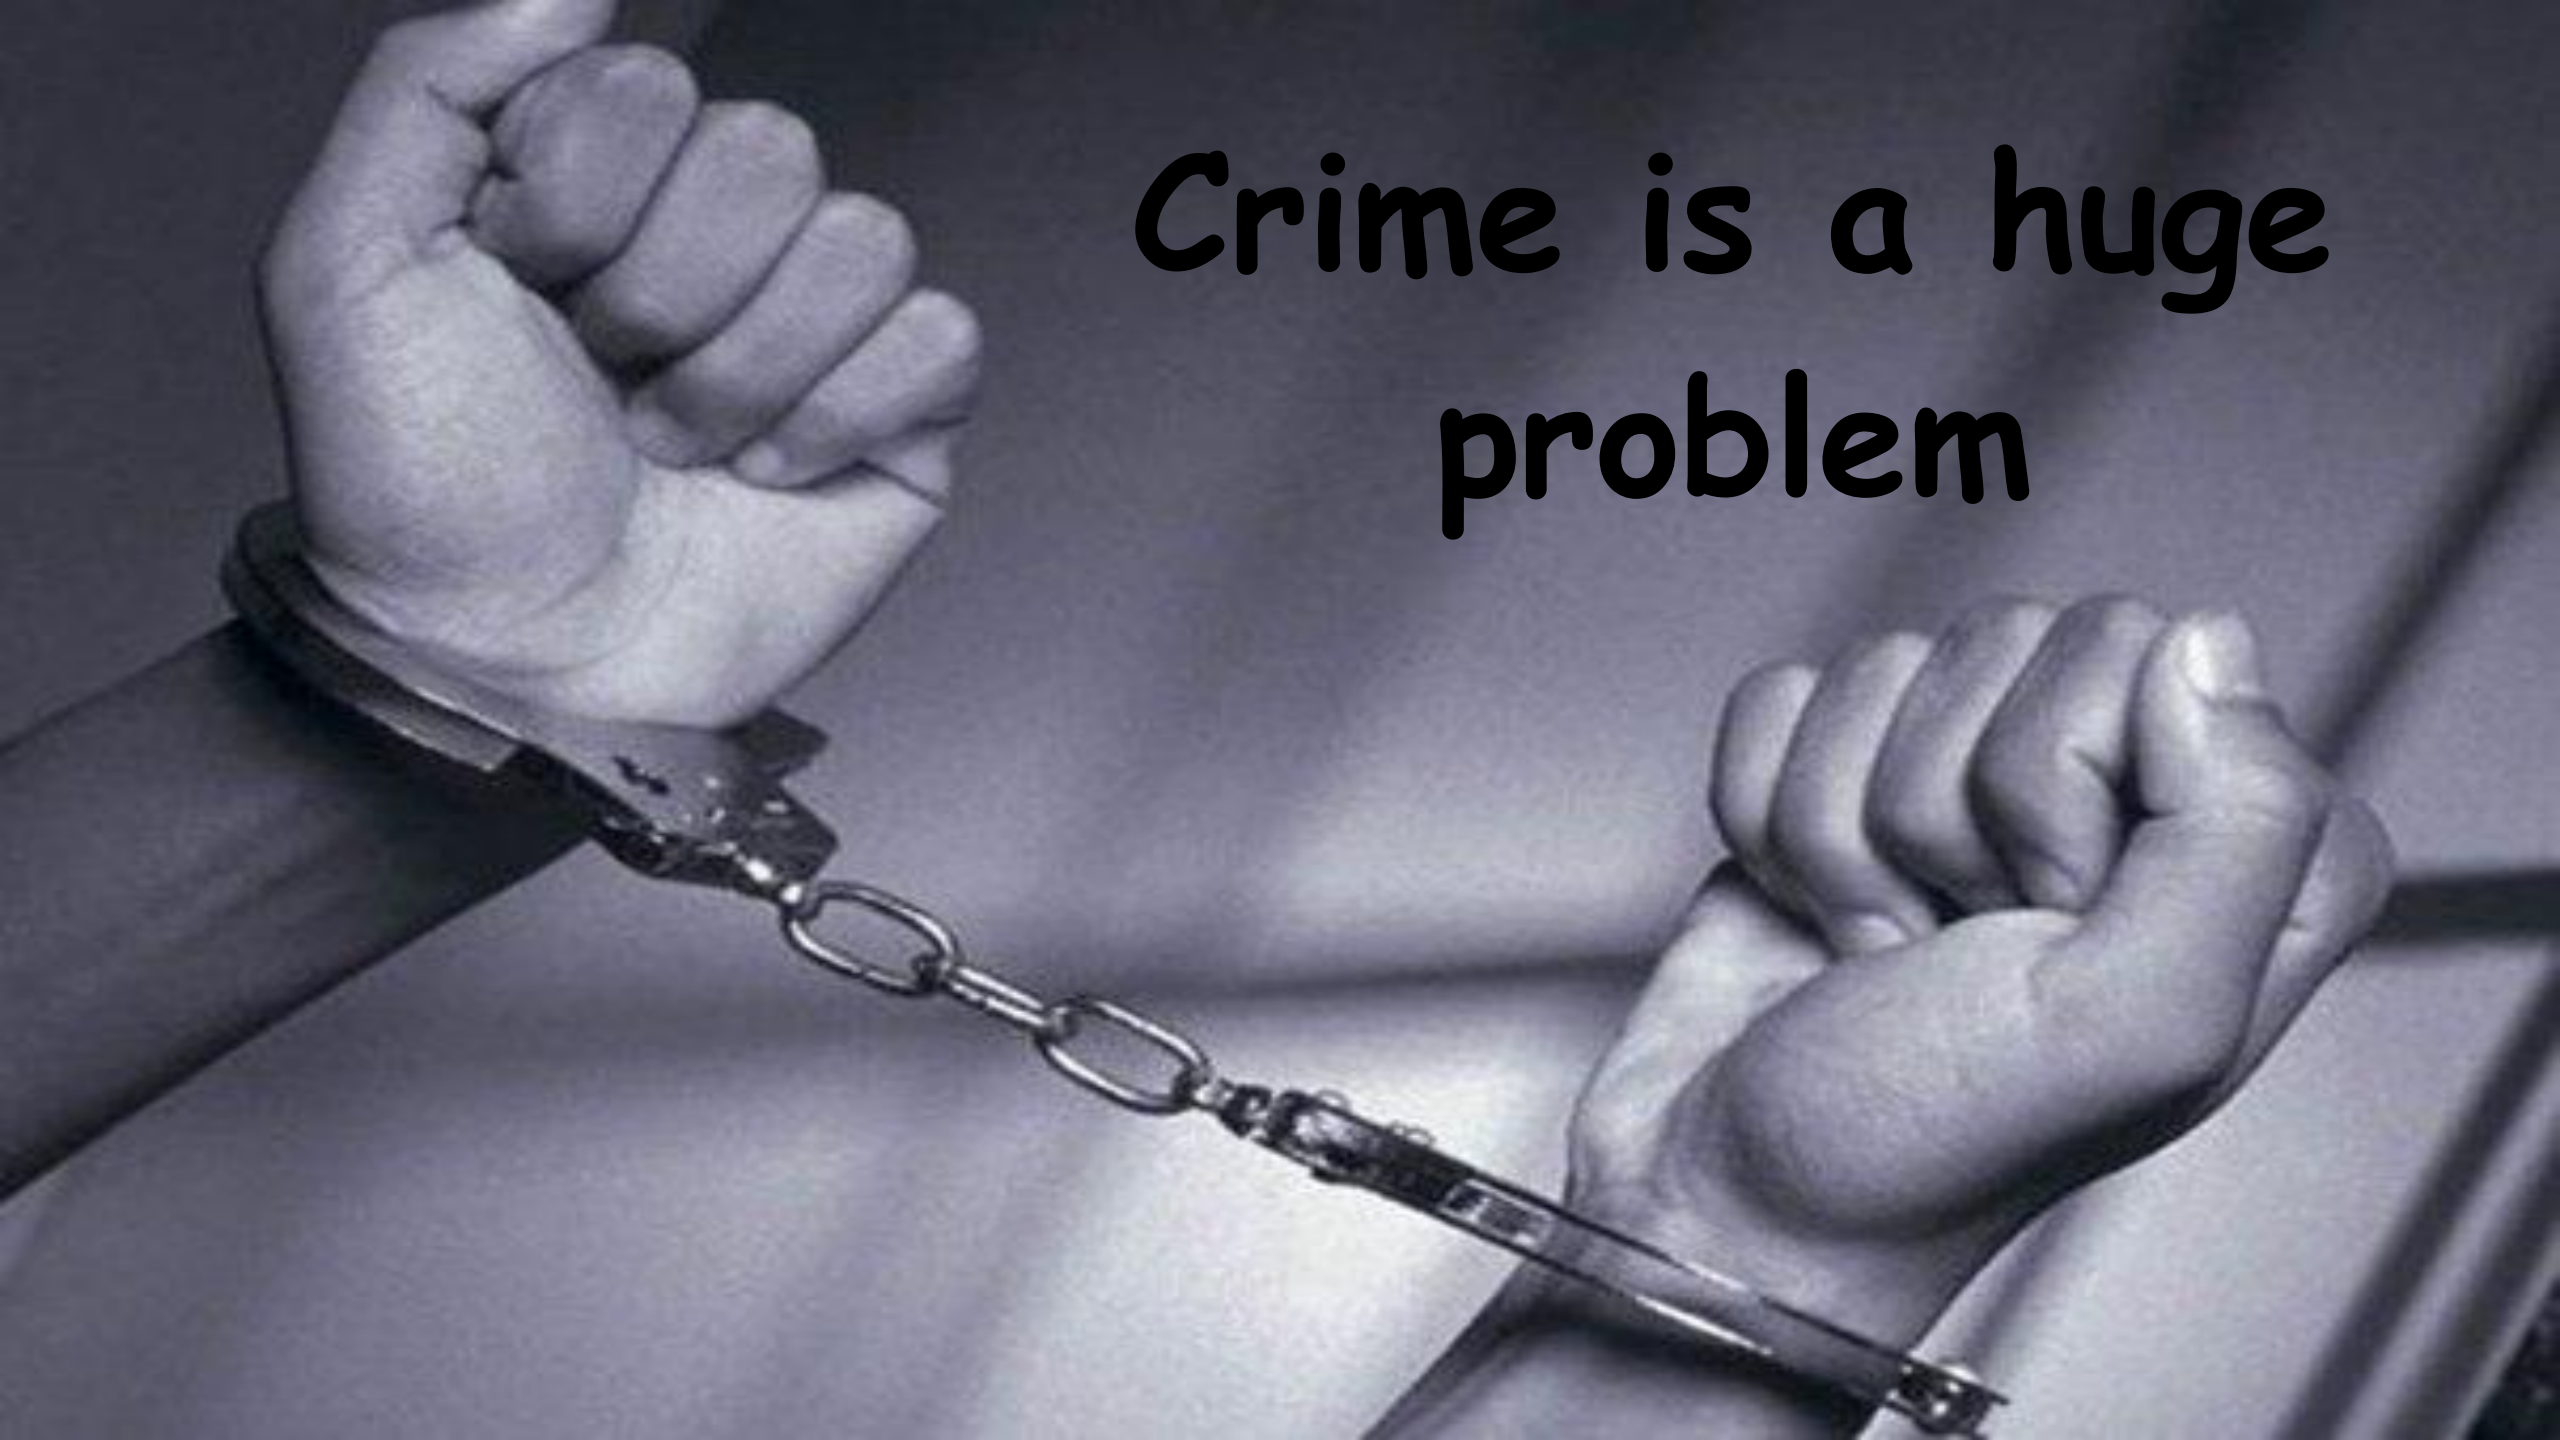

Another problem
is mass media

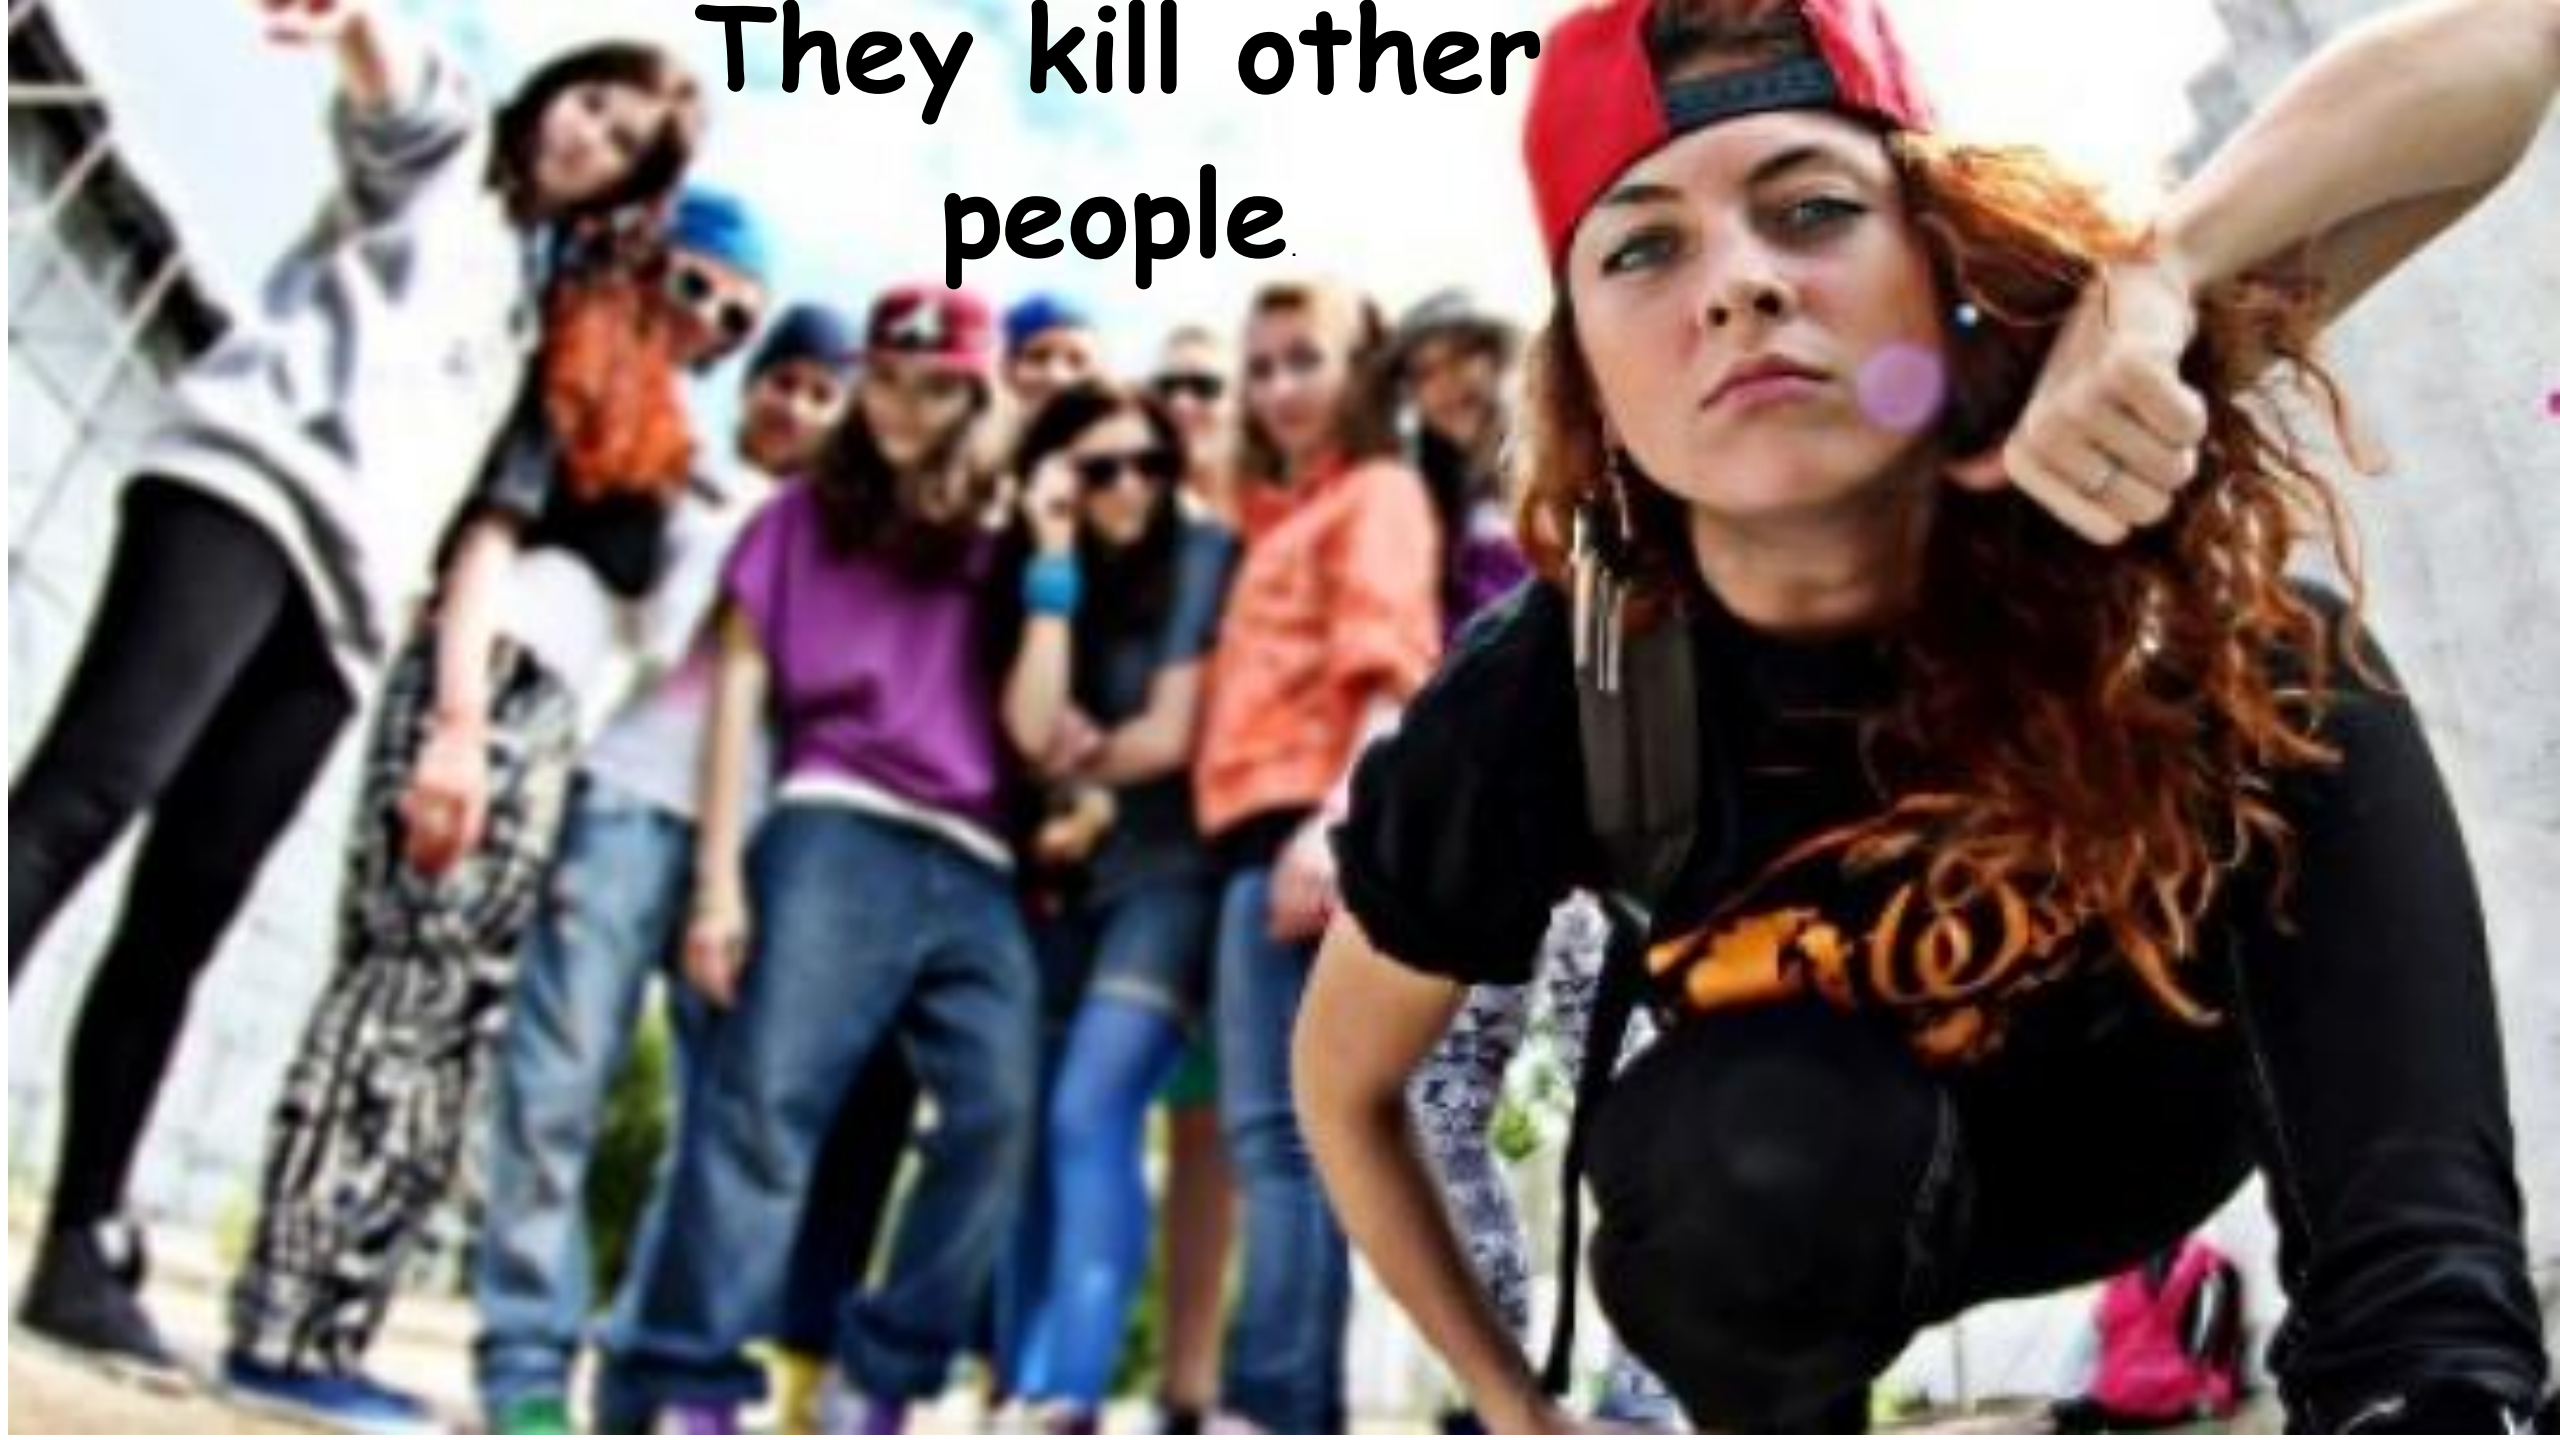

Negative characters become
the ideal heroes
for children

**Crime is a huge
problem**

**They kill other
people.**

A silhouette of a person leaning over a bar counter, pouring liquid from a bottle into a glass. The scene is backlit, creating a strong glow around the person's outline. The background shows a blurred view of a city or town at dusk or dawn.

**Another
problems is
alcohol and
drugs**

Childrens do not
understand how
dangerous it is

For many
young
people life
is harder
now

**Young people
often meet
their first
love**

**The first love
can have
unhappy endings**

I think not all the youth are such bad people without any moral standards

**Young people
cannot do it
without the help
of the adults**

Thank you for your
attention!
