Module 8c

Habitats

- savannah (grassland)
- polar regions
- desert
- wetlands
- tropical rainforest
- woods

“We should close all zoos and return the animals to their natural habitats”.

role	роль
in danger	в опасности
endangered species	вымирающие виды
survive	выживать
act	вести себя
drawback	минус
recreate	воссоздавать
cage	клетка
argument	аргумент, довод
environment	окружающая среда

Plan

1. Stating the topic (introduction)
 2. Advantages with reasons/examples
 3. Disadvantages with reasons/examples
 4. Personal opinion (conclusion)
- 

Introductory words

- On the one hand - с одной стороны
- On the other hand – с другой стороны
- In addition – кроме того
- Furthermore – более того
- To sum up – подводя итог, суммируя вышесказанное
- However - однако
- I believe – я считаю

Giving a personal opinion	I believe
Giving an opposite opinion	On the other hand However
Adding reasons	In addition Furthermore
Introducing an argument	To sum up
Introducing a conclusion	On the other hand

Arguments for having zoos

1. By keeping endangered species in zoos, we make sure that they survive.
2. A good zoo can be educational.

Arguments against having zoos

1. Zoos cannot recreate an animal's natural habitat and animals are unhappy in cages.
2. Zoos are not necessary for education.

Keeping wild animals as pets

PROS

1. It is a good way to learn about them.
2. You help conserve them.
3. Small wild animals such as hedgehog or gecko don't require much space.

CONS

1. They can be dangerous.
2. Owners don't know how to look after them.
3. They need special food/habitats.
