**a zoo**

**a circus**

**a cage**

A zoo – place, types, animals, cages, people.

A circus – group, people, animals, from place to place, people, movements, tricks

A cage – structure, bares, wires, birds, animals

a zoo – a large place where many types of wild animals are kept, usually in cages, so that people can see them

A circus – a group of people, and usually animals, that travels from place to place and entertains people by performing skilful or funny movements and tricks

A cage – a structure of bares and wires in which birds or other animals are confined

Are zoos and circuses  
**appropriate** places for wild  
animals to live in?

# A white hat – facts and only facts

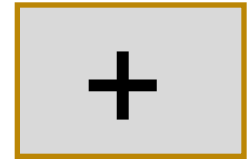

**Objective**

1. The term zoological garden refers to zoology.

2. The abbreviation "zoo" was first used of the *London Zoological Gardens*.

3. The number of major animal collections open to the public around the world now exceeds 1,000.

A green hat – creativity and new ideas

**Creative**

# My dream

I love all kinds of animals,  
Dogs and cats and rabbits.  
I love all kinds of animals,  
Despite their little habits.

If I were a director of the zoo,  
I would...

*“When I look at animals held captive by people, I think of slavery. Wild animals should never live beside people”*

# Debate: for and against keeping wild animals in the zoo.
