Чтение разговорного текста.

K3: Now we are going to read the text. Say how many pets stay in the hotel every month. Be ready to answer my question about the text.

In Britain people like animals very much. Dogs, cats, horses, ducks, canaries, chickens and other friends of men have a much better life in Britain, than anywhere else. In Britain they have special dog shops, selling food, clothes and other things for dogs. There are dog hair-dressing saloons and dog cemeteries. The English arrange dogs' shows and organize dogs' supper parties for winners of dogs' competitions.

In recent years the English began to show love for more exotic animals such as crocodiles, elephants, tigers, cobras, camels.

You won't be surprised, we think, when we tell you that London Airport has a special "animal hotel". Every year thousands of animals arrive at London Airport, some stay the night there; others stay several weeks. In one month, for example, "the hotel" looked after 47,000 creatures: birds, insects, fish, elephants, monkey and other animals. There are about 4,000,000 dogs, 6,000,000 cats, 8,000,000 caged birds and lots of other animals in Britain. The English people believe that they are the only nation on the Earth that is really kind to its animals.
