nuclear pollution
radiation

diseases
illnesses

What ecological organizations do you know? What actions do they do?

action

demonstration

to talk to the government

strike

meeting

How green are you?

1. Do you waste water?
2. Have you ever thrown anything into a river or a lake?
3. Have you ever burnt rubbish?
4. Does your family often use a car?
5. Do you often throw food away?
6. Do you think you are green enough?

Create your ecological organization.

Don't forget:

- to give it a name;
- to draw its emblem;
- to write your aim;
- to make a plan of your future actions.

What should we do to make our planet cleaner and greener?
