# OUR COLLEGE IS 70

# Let me tell you about Our College

Our College is large and nice. Studying at it gives a solid background in all spheres of knowledge and prepares for practical work.

# This is a hall

There is a timetable for students

# We have a café and a gym on the first floor

# On the second floor there is a Memory Hall, a teachers' office and some studies

# This is History Study, Engineering Construction Study, Russian Literature Study

It's our Concert Hall. We have all important events of the college life here

# There is a Library with Reading Hall and Computer Center on the third and the fourth floors

The course of study at our college lasts three or four years. There are faculties in the college: Electric Faculty, Assembling Faculty, Construction Faculty. We are proud of our College and our students try to become good specialists.
