

A white sign with a curved top and horizontal lines, featuring the word "ECOVILLAGE" in green, 3D-style letters. The letter "V" is replaced by two green leaves. The sign is set against a background of a dense forest of tall trees with green foliage.

ECOVILLAGE

My plan:

- Title page
 - Plan
 - Reason
 - Definition
- More detailed

Why eco-villages?

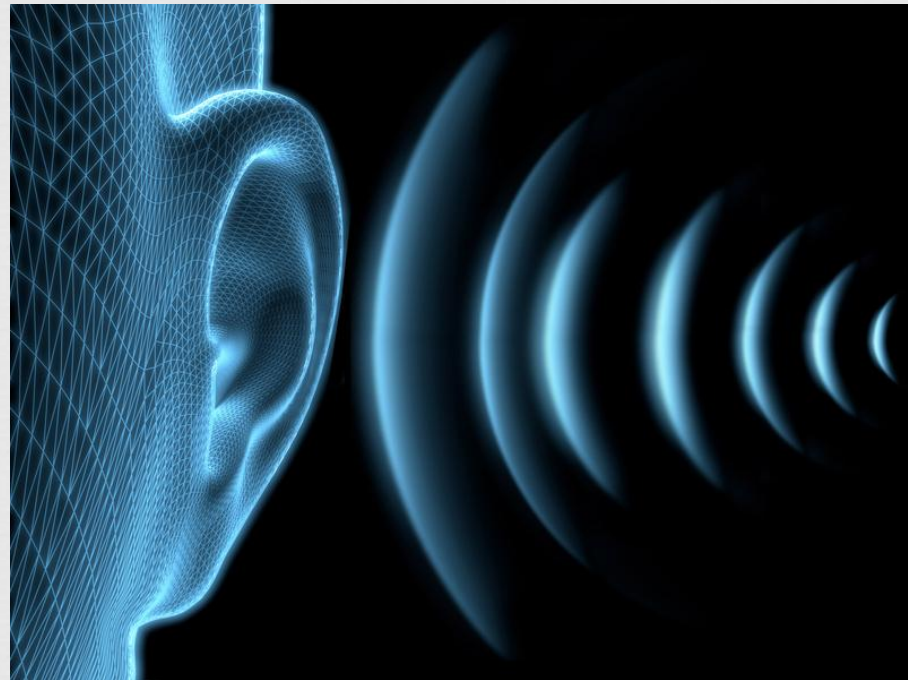

- In the city:
1. Air pollution.

Why eco-villages?

In the city:
2. Noise pollution

Why eco-villages?

In the city:

3. Dangerous chemicals in food.

Definition

The ecological village is a community situated in eco-friendly living space.

More detailed about this

- Eco-villages are designed by local people.
- Eco-villagers are united by shared values.

More detailed about this

- The human is a part of nature, not it's master.
- Constant full development of a person.
- Common interests. stability.

An aerial photograph of a river winding through a dense, lush green forest. The river flows from the top left towards the bottom right, forming a large loop. The banks are covered in thick vegetation, and the water reflects the surrounding greenery. In the background, there are some cleared areas and a road. The overall scene is vibrant and natural.
