- The background of the slide features a series of horizontal musical staves. Scattered across these staves are various musical notes, including quarter notes, eighth notes, and a treble clef. The notes are rendered in a dark, slightly blurred style, creating a sense of motion and rhythm. On the right side of the slide, there is a vertical column of four stylized musical notes. These notes are a light orange color with a dark outline and are arranged in a descending sequence from top to bottom. The overall aesthetic is clean and artistic, centered around the theme of music.
- ❑ People cannot live without music. They listen to music, they learn to play different musical instruments.
  - ❑ In some ways music is language. People use it to express their moods and feelings. Some music is happy, and some is sad. Some is serious, and some can make people to laugh. Music in the lives of different people is different: some compose music, some play music and others only listen to it. A lot of people who cannot play any musical instruments love to listen to music either at home or at a concert. Different people are fond of classical music, chamber music, light music, serious music, jazz music and pop music.

- 650 professional arts festivals take place each year in Great Britain. The Edinburgh International Festival is the largest of this kind in the world. The Festival takes place for three weeks in late August and September. The Festival programmes include music, opera, ballet, drama, films, dancing and piping. Every year from April to December people come to Stratford-upon-Avon to the Royal Shakespeare's Theatre, where Shakespeare's plays are staged. The Festival has been held since 1879. The national Welsh Eisteddfod is devoted to music, Literature and the arts. All the proceedings are in the Welsh Language. It is held in the first week of August.

- Early in the 20<sup>th</sup> century Britain was described by foreigners as “the land without music”. It is difficult to believe it now. The people living in the British Isles are very fond of music. The concerts of the leading symphony orchestras, numerous folk groups and pop music are very popular. Rock and pop music are extremely popular, especially among young people. In the 60s and 70s groups such as the Beatles, the Rolling Stones were very popular and successful. The Beatles with their new and exciting style of singing and their wonderful sense of humour, became the most successful pop group the world has ever known. Many of the famous songs written by John Lennon and Paul McCartney are still popular. These pop singers received a great deal of admiration

A photograph of the four members of The Beatles, dressed in dark suits and white shirts, holding glasses of a golden beverage. They are arranged in a line, looking towards the camera with various expressions. The background is a plain, light-colored wall.

## Yesterday (The Beatles)

1. Yesterday all my troubles seemed so far away  
Now it looks as though they're here to stay  
Oh I believe in yesterday

REFRAIN:

Why she had to go I don't  
Know she wouldn't say

I said something wrong  
now I long for yesterday

2. Suddenly I'm not half  
the man I used to be

There's a shadow hanging over me  
Oh yesterday come suddenly

REFRAIN

3. Yesterday love was such  
An easy game to play

Now I need a place to hide a way  
Oh I believe in Yesterday

□ As you know Elvis Presley was the King of Rock and Roll from the 30s to the 70s. Elvis Presley was born on 8 January 1935 in Mississippi. Elvis Loved music. He went to church every Sunday and sang in the choir. When he was 13, his mother bought him a guitar. In the same year his family moved to Memphis. One day in 1954 he went to a recording studio called. Sun Records. He wanted to make a record for his mother's birthday. The secretary at the studio heard Elvis and she told her boss, Sam Phillips. Elvis was Sam Phillips's dream – “a white boy with a black voice.” Phillips became Elvis's manager and Elvis made his first single – That's All Right Mama. In 1955, Elvis appeared on TV in New York. Then he went to Hollywood and made his first film “Love Me Tender” In the next two years he had many hit records – Blue Suede Shoes, Heartbreak Hotel, Teddy, All Shook Up, Teddy Bear. In 1958, Elvis joined the American army and went to Germany. When he returned to the U.S in the early 60s, pop was not the same. British groups like the Beatles and the Rolling Stones were the new stars. He died of a heart attack on the 16<sup>th</sup> of August 1977 in his mansion at Graceland, Memphis. But for his millions of fans, Elvis is still the King. Elvis could really sing. Not like these kids today with all their electronics machines. “He was the King, man, the King of Rock and Roll”, - says Shane Lyons about Elvis.

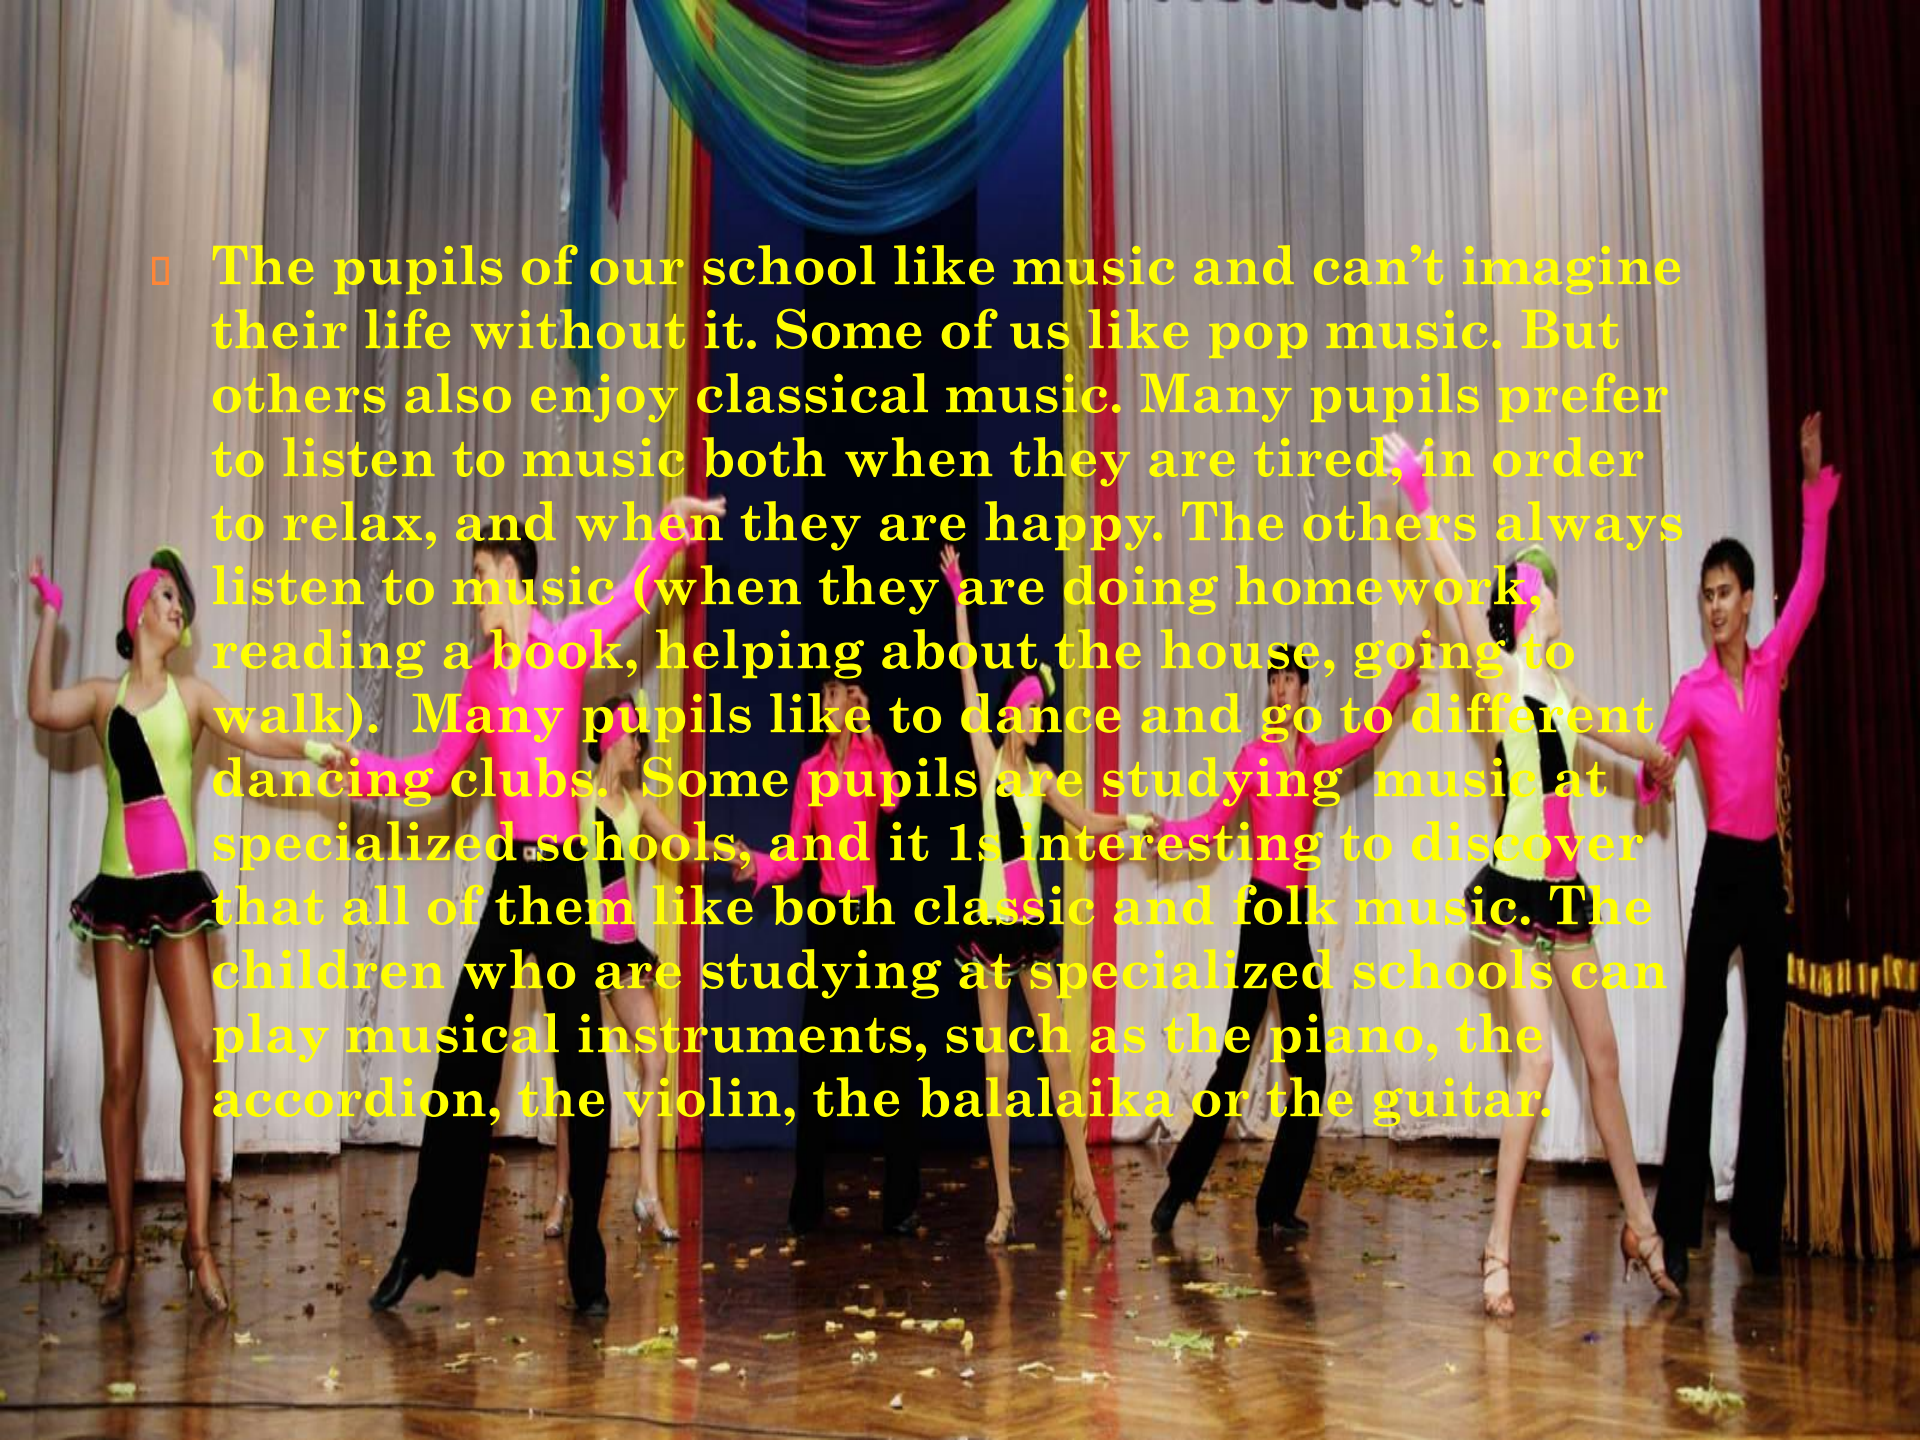

# Music Brush Set

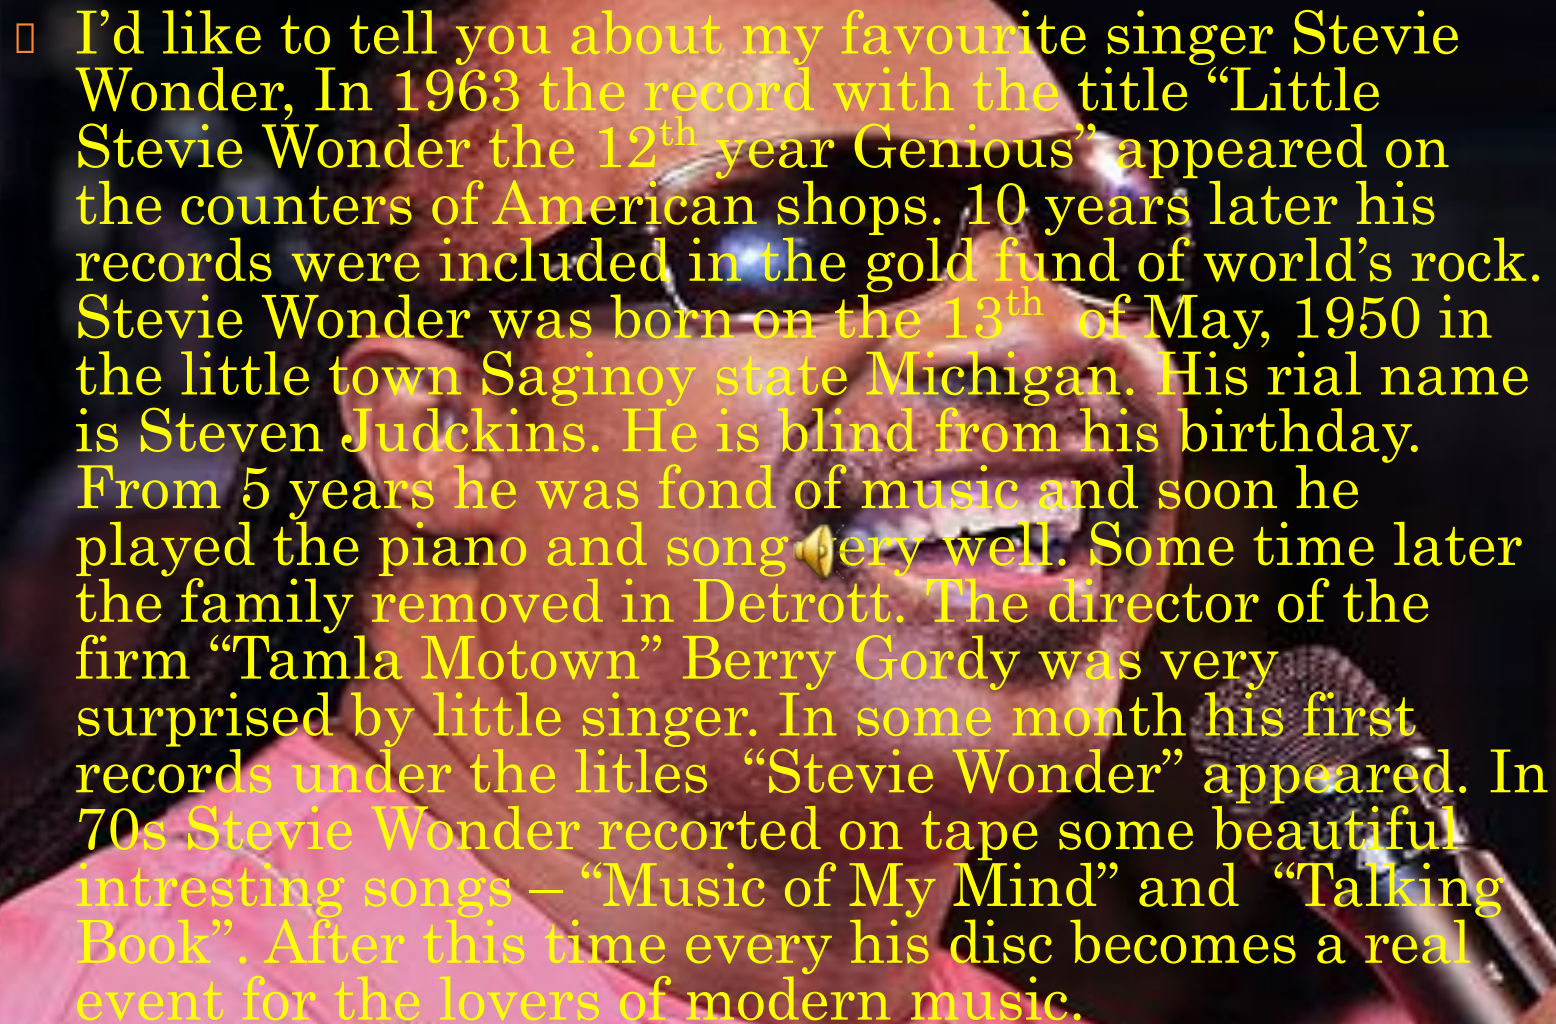

□ Musical education in schools is very important. A music lesson is one of the favourite subject. Pupils prepare concerts for school holidays, learn new songs, play different musical instruments. The teacher of music tells the pupils about famous composers and teaches them to sing songs. If children are capable and fond of music they study at musical schools for eight years.

▣ The pupils of our school like music and can't imagine their life without it. Some of us like pop music. But others also enjoy classical music. Many pupils prefer to listen to music both when they are tired, in order to relax, and when they are happy. The others always listen to music (when they are doing homework, reading a book, helping about the house, going to walk). Many pupils like to dance and go to different dancing clubs. Some pupils are studying music at specialized schools, and it is interesting to discover that all of them like both classic and folk music. The children who are studying at specialized schools can play musical instruments, such as the piano, the accordion, the violin, the balalaika or the guitar.

- I'd like to tell you about my favourite singer Stevie Wonder, In 1963 the record with the title "Little Stevie Wonder the 12<sup>th</sup> year Genius" appeared on the counters of American shops. 10 years later his records were included in the gold fund of world's rock. Stevie Wonder was born on the 13<sup>th</sup> of May, 1950 in the little town Saginoy state Michigan. His rial name is Steven Judckins. He is blind from his birthday. From 5 years he was fond of music and soon he played the piano and song very well. Some time later the family removed in Detrott. The director of the firm "Tamla Motown" Berry Gordy was very surprised by little singer. In some month his first records under the litles "Stevie Wonder" appeared. In 70s Stevie Wonder recorted on tape some beautiful intresting songs – "Music of My Mind" and "Talking Book". After this time every his disc becomes a real event for the lovers of modern music.

# Some Words in Conclusion

Nowadays it's almost impossible to escape from music, even if we want to. It thunders everywhere. But although we all can now have music wherever we go, very few of us have any real idea of the effect music has on the human system. Recent research in America and Australia has shown that appreciation of music is not a matter of individual taste. Certain types of music will have a particular effect on us, regardless of whether we like them or not. For instance, some music will help us feel relaxed and peaceful, whereas other types may be stimulating to the brain. Music reflects people's mood, feelings and emotions.
