# Healthy Food

- It's very important to choose the right food nowadays. Healthy and balanced diet is useful for every person. We depend on food as well as the cars depend on gas, for example. It's our natural fuel, which gives our body physical strength and health. When the body is healthy, the mind will also be healthy. Different types of food contain different nutrients for our body. Some supply us with carbohydrates, some with proteins or fats, some with vitamins and minerals, etc.

- 
- More and more people tend to grow fruit and vegetables in their own gardens, instead of buying them. Another problem is modified food. It's much cheaper than ordinary food, which is why people often buy it. From the other hand, modified food can lead to dangerous diseases. The food people eat depends a lot on their culture, religion, beliefs, health and other factors.

However, some rules are common for everyone.

They are: ***less fat, sugar and salt; and more water, vitamins, fresh fruit and vegetables.***

**Fast food is helpful or harmful?**

# Facts about the harm of Fast Food

~~We are against Fast Food because it is very dangerous for the health:~~

- Firstly, it is unnatural food (we should remember that Nature never produces Fast Food).
- Secondly, it causes different diseases, such as :
  - Adiposity
  - diabetes
  - clogging and hardening of the arteries
  - heart disease
  - various forms of cancer
- Finally, junk food causes physical dependence to it.

# Hamburger

➤ ***The first reason*** not to eat hamburger is ***its composition***. It consists of a roll (carbohydrates) and a meat cutlet in a middle (proteins). The fact is that combination of these organic substances can harm your health because after eating a hamburger, it just turns into a bad splitted lump, lays by unnecessary weight and all that cause obesity.

➤ ***The other reason is its meat***. Nowadays, ration of cows and pigs, which will be hamburgers tomorrow, consists mostly of anabolics.

# Fried potato

- The fried potatoes contain 33 % more harmful transgenic fats.
- According to the new researches harmful transgenic of fats in the large potato portion is not 6, but 8 grams. In total, in a pack of potato, fat is 30 grams, instead of 25 as was considered before.
- During research experiments it has been established that these wrong fats also worsen quality of milk of breastfeeding mothers. Then, by mother's milk, they are transferred to the baby, causing weight reduction and immunity, and raising diabetes disease risk.
- At the same time transgenic fats reduce quantity of man's hormones. They disturb enzymes activity available in our organism, destroying and neutralizing harmful chemical substances, carcinogens and remains of different medicines

# Advantages

## 1. It is tasty.

The main reason of visiting Fast Food is feeling of famine. Near to it the reason "is tasty". Children are guided by taste and colour.

# Our research activities

## Fast food or homemade food

# My favorite food

- As for me I like cakes.

And I want to tell you about cakes from historic days till nowadays.

**Eating delicious birthday cake, we can hardly wonder who came up with this amazing treat. There are several interesting versions.**

**The first version was that in the 2200 BC in Egypt during the excavations archaeologists discovered the tomb of one of the Pharaoh. They found some petrified sweets like cakes. Having examined the material they have come to the conclusion that perhaps this was the first cakes of the time.**

# SOME FACTS FROM HISTORY OF CAKES

- The second version. There is an Italian saying: "about the cakes do not argue". This phrase suggests that the first cakes was prepared in Italy. Incidentally, the word "cake" in Italian means "torsion".

- The tradition of putting candles on the cake and blow them up making a wish appeared in Persia. They kindle candles in the cake to Express your feelings.

It does not matter who first came up with the cake. The ancient cakes is very different from the splendor of cakes that we see today in our shops

# My favorite food

- And my favorite food is apple pie.

- The simplest and most popular in our days tea dessert has very interesting and exciting story. For many centuries it has changed, some components have been replaced by others, but the name always remained the same: "Apple pie".

# FROM HISTORY OF CHARLOTTE

This dessert was invented in the second half of the eighteenth century for the wife of George III, Queen Charlotte. This pie did not need to be cooked. It was one of the ancient types of bread pudding.

- Pieces of bread soaked in syrup, for cooking which had been used apples, pears and apricots. Then these pieces were placed in layers, between which a filling of fruit is placed.

# There are different kinds of charlotte!

# Another version of the appearance Charlotte

- They say that one unknown cook has lost his heart for the sake of one poor girl, whose name was Charlotte and in honor of her he invented a new culinary masterpiece.
