*Morning Moon

Арсентьева Л.

***Are you lonely, Moon?
You giant white balloon!
You have no water, wind or air.
No wonder, nothing lives up there.
You can't grow trees or flowers or
grass.
Your soil is only rocks and glass.
Even your light is not your own.
Instead it's from the sun that's shone.
Your gravity is weak, I hear.
You really have no atmosphere.
But don't be sad, Moon, please don't
cry.**

***Morning Moon**
For I still love you in the sky.

* Автор Ситник Д
