TELEVISION

Modern electronic television was born in St.Petersburg. It was the project by Boris Rosing- the tutor of Technology.

One of the first experiments in television.

Newspaper

Newspapers are packed with the latest news, information, fashion and facts. They contain a variety of political views, interests and levels of education.

MAGAZINES

A magazine a periodical publication containing a variety of articles, generally financed by advertising and/or purchase by readers.

People cannot
imagine the
world without
Net. They use it
at their work, for
fun and
communication.

RADIO

Radio is a wireless transmitter of information.
