My favorite book.

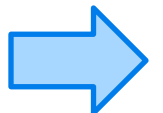

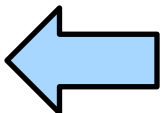

Reading books is an important part of everybody's life. Books tell us much new about life and people.

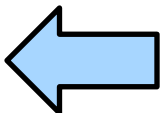

I am keen on books too. I Am often very glad to spend some spare time with any interesting book. Books open a new , unknown world for me. I am interesting in different genres of books.

I often choose the book by the author . I have my favourite writers such as Pushkin ,Turgenev , Dumas I always read the blurb of the book because it is worth reading . It is a summary . The characters are so real that I want to read more about their adventures .

The book teaches us to be a really devoted friend
and overcome through difficulties .
