

How safe our planet

Litter is a global ecological
problem of our time

At first we must teach to sort the litter in different containers

global

Why sort waste?

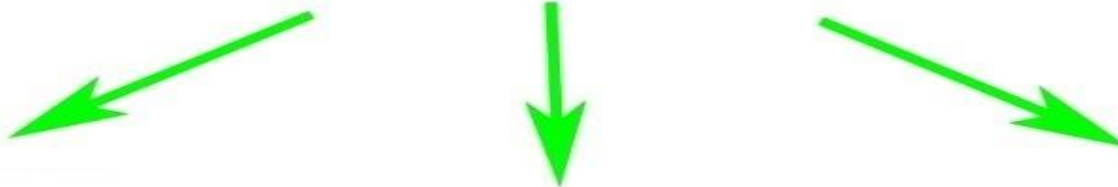

reducing of
litter in the
dump

safing the environment

**throwing paper
in special container**

less garbage fee

**safe
the forests**

**any paper products can be made from waste paper:
office paper, copy-books and puzzles**

PLASTICS RECYCLING OVERVIEW

REDUCE-REUSE-RECYCLE
