

The background of the slide is a sepia-toned illustration of a Victorian street scene. It shows a large, multi-story building with a classical facade, a horse-drawn carriage, and several people in period clothing. The scene is set in a city street with trees and other buildings in the background.

Lord Shaftesbury

Dear Diary,

I feel really sad because I had to clean twenty chimneys today. Mr. Webster did not let me have any soup at the big house because I did not eat my breakfast. No one would have eaten it anyway, because it was hard cheese. I gave Scruffy my hard cheese. Mr. Slim snitched on me for not eating breakfast.

Mr. Webster would not let me get into the cart because I had dirty clothes so I had to walk all the way to the house. I felt tired when I got there.

I started to clean a chimney. I had an idea. I tried to run away. I climbed all the way up to the top of the chimney and climbed out onto the roof. I decided to climb down but I slipped on the ice and snow and slid on the tiles.

I looked down and I saw an open window so I decided to climb in.

I hid under the bed because Mr Webster and Mr Slim were chasing me. They were shouting at me. I froze under the bed so they could not hear me. After a few minutes I realised that they were not coming and then I felt a lick on my face. It was Scruffy.

I crawled from under the bed and climbed into it because I was very tired. Then I fell to sleep.
