

When life
changes to be
harder,

change
yourself to be

STRONGER

the leaves on a tree**

PMB

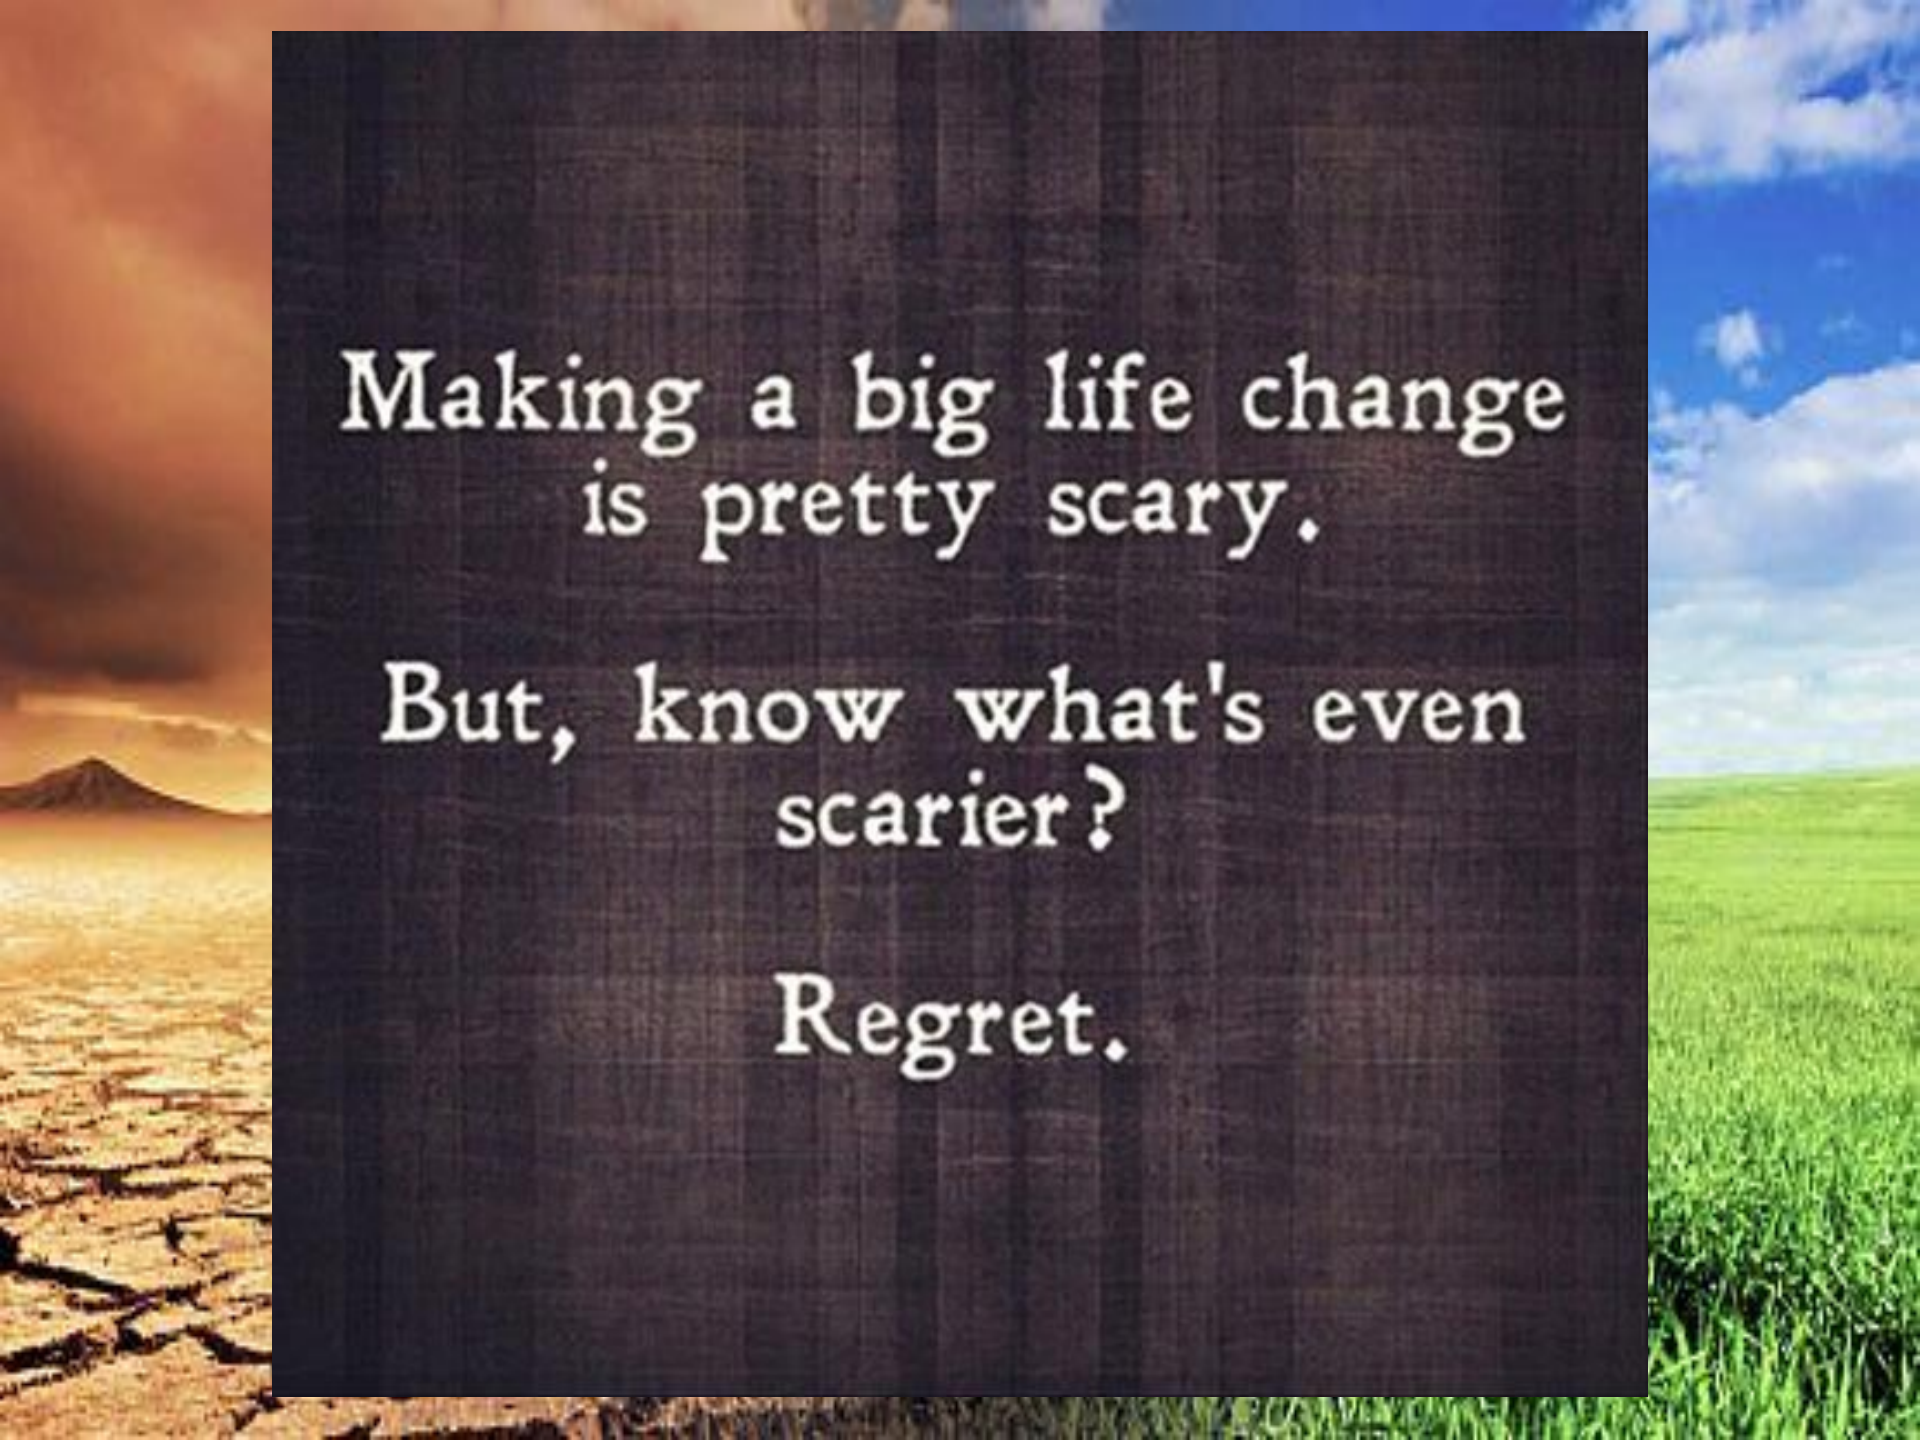

Life is about
change, sometimes
it's painful, sometimes
it's beautiful, but
most of the time
it's both.

Sometimes
the things we
can't change
end up
changing us.

My Dear Valentine♥

Making a big life change
is pretty scary.

But, know what's even
scarier?

Regret.

Rite of Passage

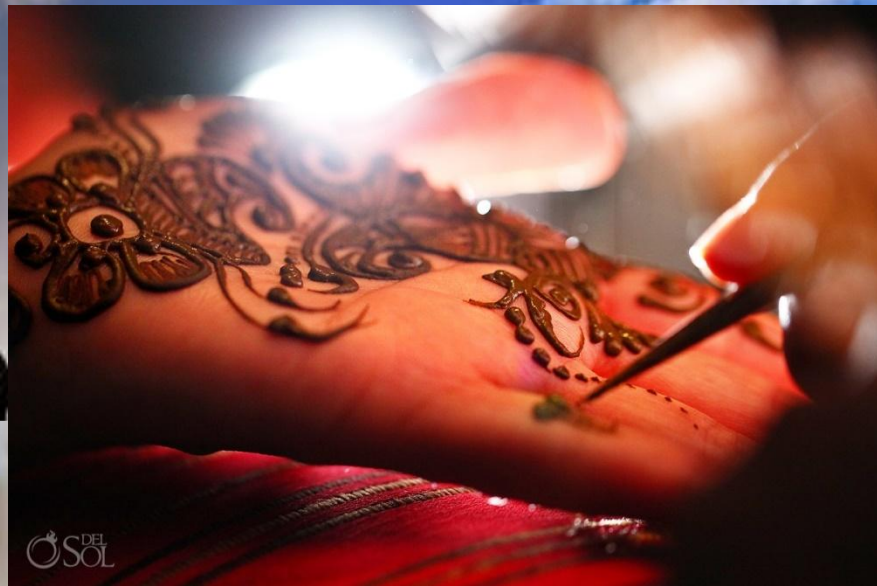

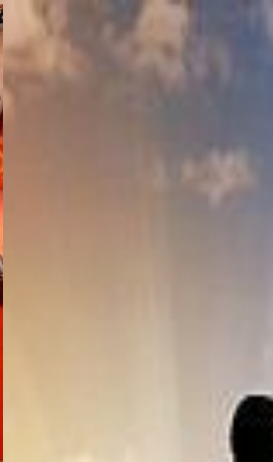

- 
- A person is walking away from the viewer on a path that divides a landscape. To the left of the path is a field of cracked, dry earth, and to the right is a lush, green field. The sky is split vertically: the left side is a hazy, orange-brown color, while the right side is a bright blue with white clouds. The person's shadow is cast on the path.
