Let's play? What is it?

If it is short: let's play (or "Let's Play" that in a literal translation from English – "let's play") a video passing of game with comments of the gamer.

The person includes the special program, opens that if he is going to show to the audience, and starts playing, telling something therein.

- Let's play give all the best series lasting half an hour-hour. But don't forget, that you should be ready for your lessons, and go to bed in time.

- And these series can be much – from tens to hundreds, everything depends on concrete game.

Let's play vs Reviews

- Some people confuse let's play to reviews.

- Really, similarity in something is as that let's play that review open game and comment on it.

- You can also can speak to Lets playshchiki about the above game elements, but their main objective is passing.

- You can speak to Letsplayshchiki about the above game elements, but their main objective is passing.

- Their comments can be any, sometimes even not absolutely belonging to game (of course, it is better to do it only after a popularity gain at a certain public).

Most often gamers simply discuss passing and share **the impressions;** more less often – "secret" and secret passages show.

What is necessary for shootings Let's play?

- Thinking of how to become a letsplayshchik, many ask a question: "What for this purpose it is necessary?" Now you also learn it.

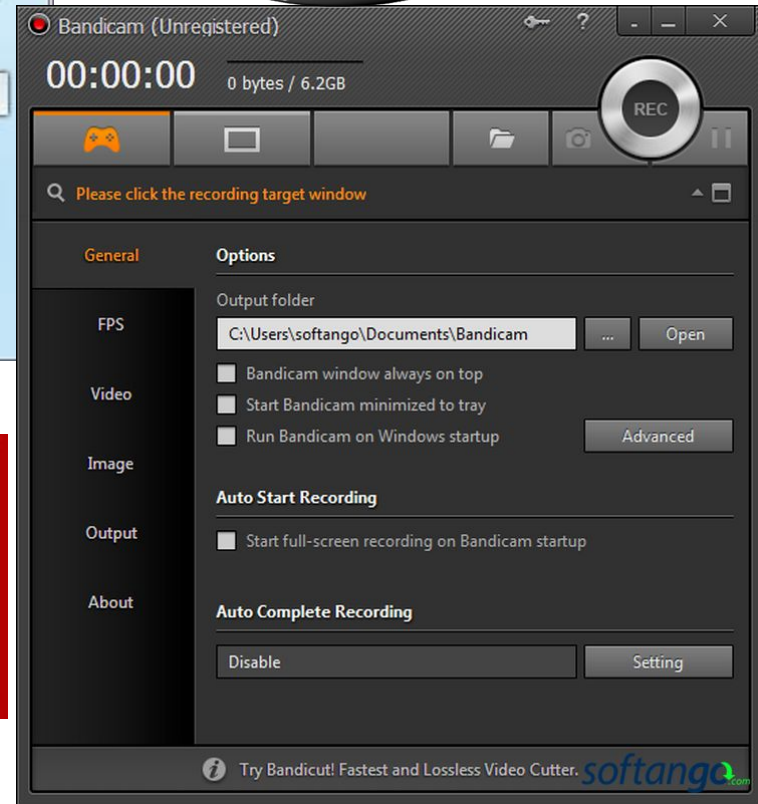

- First, good computer. Then more coolly the processor, the video card and other components of the full it is expensive to the personal computer, especially you will be able to write down high-quality games without braking, glitches and other troubles.

- Secondly, excellent microphone. If it is low-quality, hardly someone will sustain more than five minutes of your comments. Will run away, despite all your potential so the microphone for a letsplayshchik is as hands for the jeweler.

- Thirdly, the program for record of video from the screen. Where without it, differently as people will see, what you passed this or that game?

- The most widespread programs for record of game videos is Bandicam and Fraps.

- The second is better, however and resources she eats several times more so for record the above-mentioned good computer is necessary.

- Fourthly, webcam. Not obligatory attribute, but it is pleasant not only to hear to the audience, but also to see emotions passing game.

- 
- **Especially when business concerns horrors where letsplayshchik are sincerely frightened the terrible moments. However, some don't prove to be at all, and everything suits their audience, despite dreams to see the fallen in love gamer.**

Fifthly, program for video-tape editing. Besides, it isn't obligatory, but it is desirable. If you want to make interesting prompt for video, to impose any effect or to cut off result, having moved away from a roller all superfluous, you need the program in which it is possible to mount video.

- The most widespread, available and easy in use is Sony Vegas Pro.

- **Sixthly, desire. Without it anywhere. To write down let's play is a hobby. Only the little manage to earn on similar hobby so it is necessary to love the occupation decently. The audience will quickly feel if the letsplayshchik records video without special enthusiasm, and then they can decide that with you they have nothing to catch.**

- **Seventhly, pleasant voice. It is not less important element because people can peck on it. Here already it can't be helped: or the voice pleasant, or isn't present.**
