What do you think a typical Brit is like?

He is snobbish,
sluggish and very
dull...

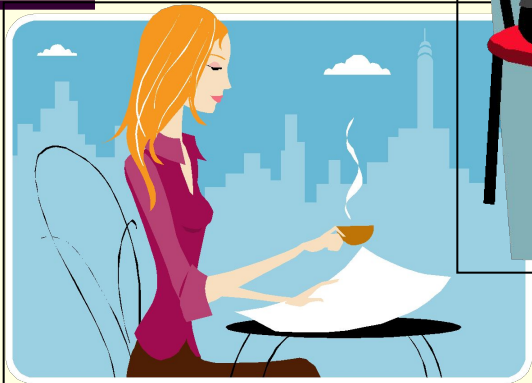

He reads 'The
times'...

And, oh yes,
there's
cricket!

The nation of tea – drinkers? That's a myth!

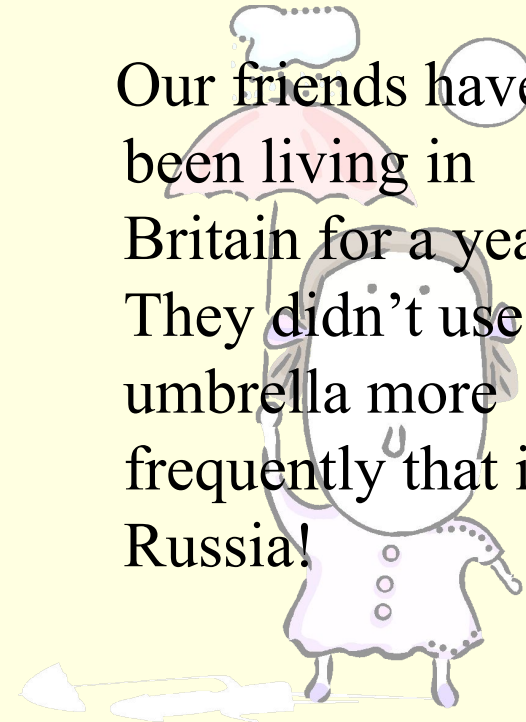

**They also drink coffee,
juice, pure water or Coke!**

Rainy weather? That is not true!

Our friends have
been living in
Britain for a year.
They didn't use an
umbrella more
frequently that in
Russia!

Long Live the King, Let It Be!

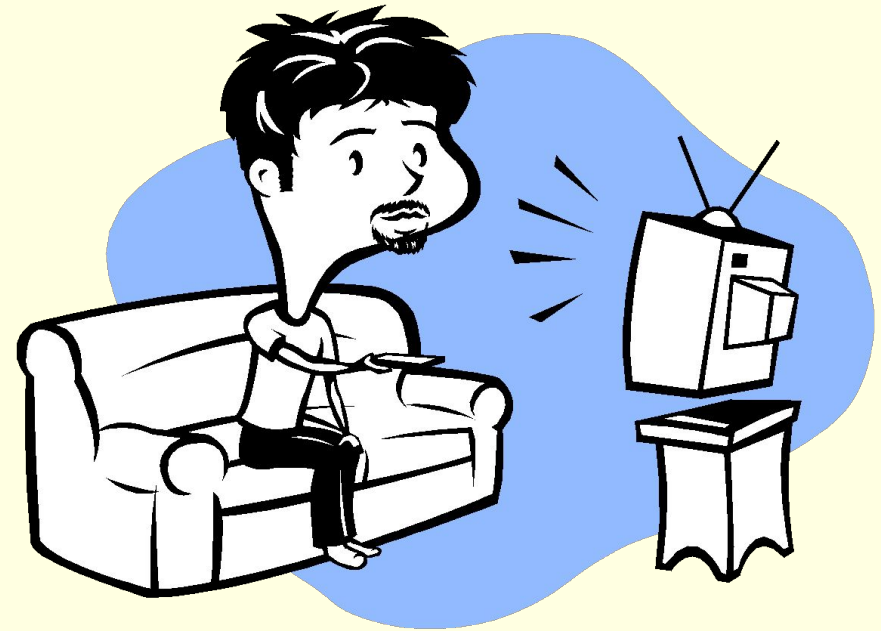

Elizabeth

The recent Royal wedding was ignored
by the majority of people!

**They didn't discuss it at
the dinner table**

**They didn't watch the
ceremony on television**

Conclusion

- A. Old traditions are lapsing
- B. The stereotypes are failing
- C. New rules and principals are being introduced
