# School days

The happiest days of your whole life  
(So all the grown-ups say),  
But I would never go to school  
If I could have my way.

My pencil point is broken  
My pens run out of ink  
My heads just filled with sawdust  
And with sawdust you can't think.

The happiest days of your whole life!

But I would never go to school  
If I could have my way!
