

# Welcome to the river Okkervil!

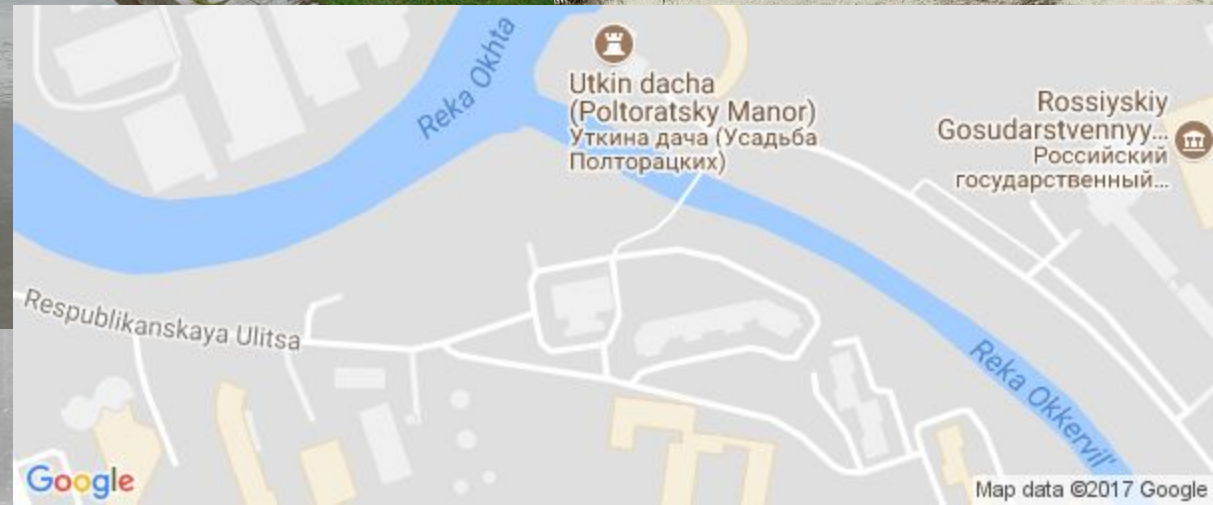

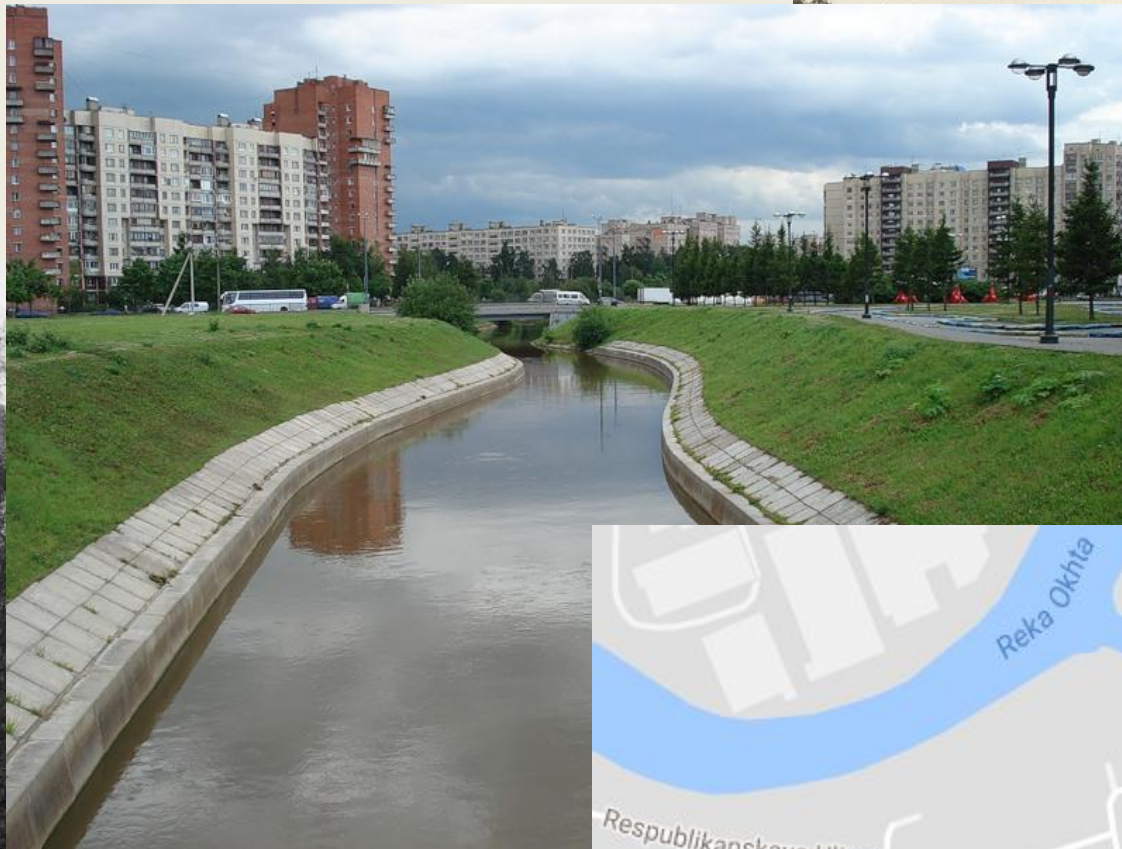

Teacher Lyanova T.B.

**The aim of the project** is to write an excursion dedicated to the ecology of the river Okkervil and to find the cleanest place of the river

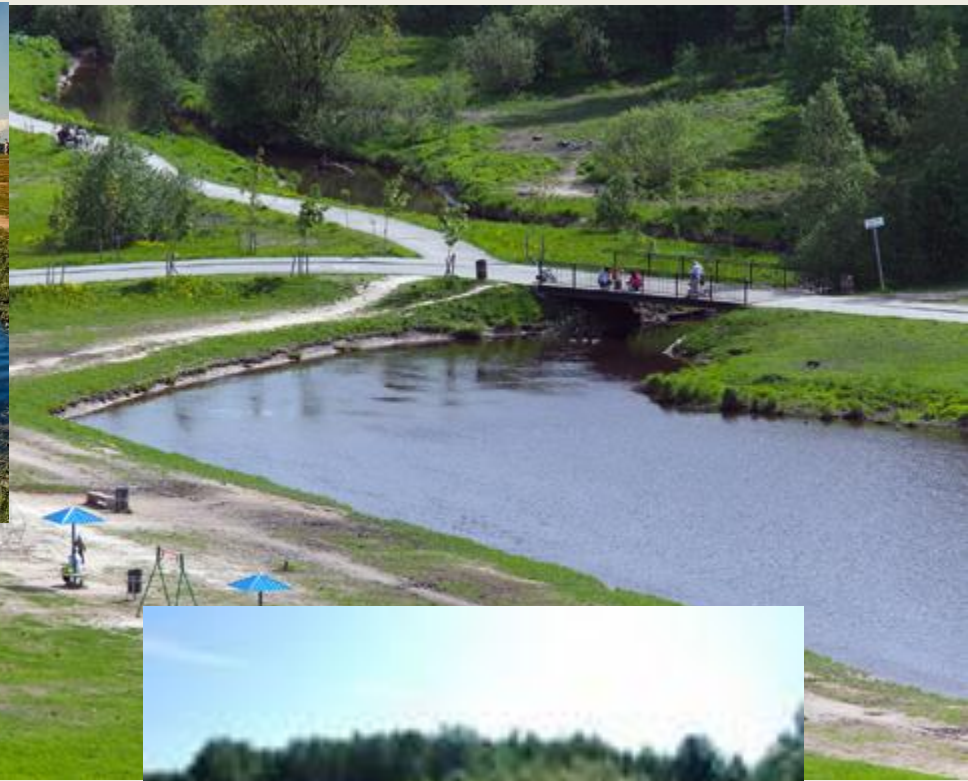

# The steps of the project

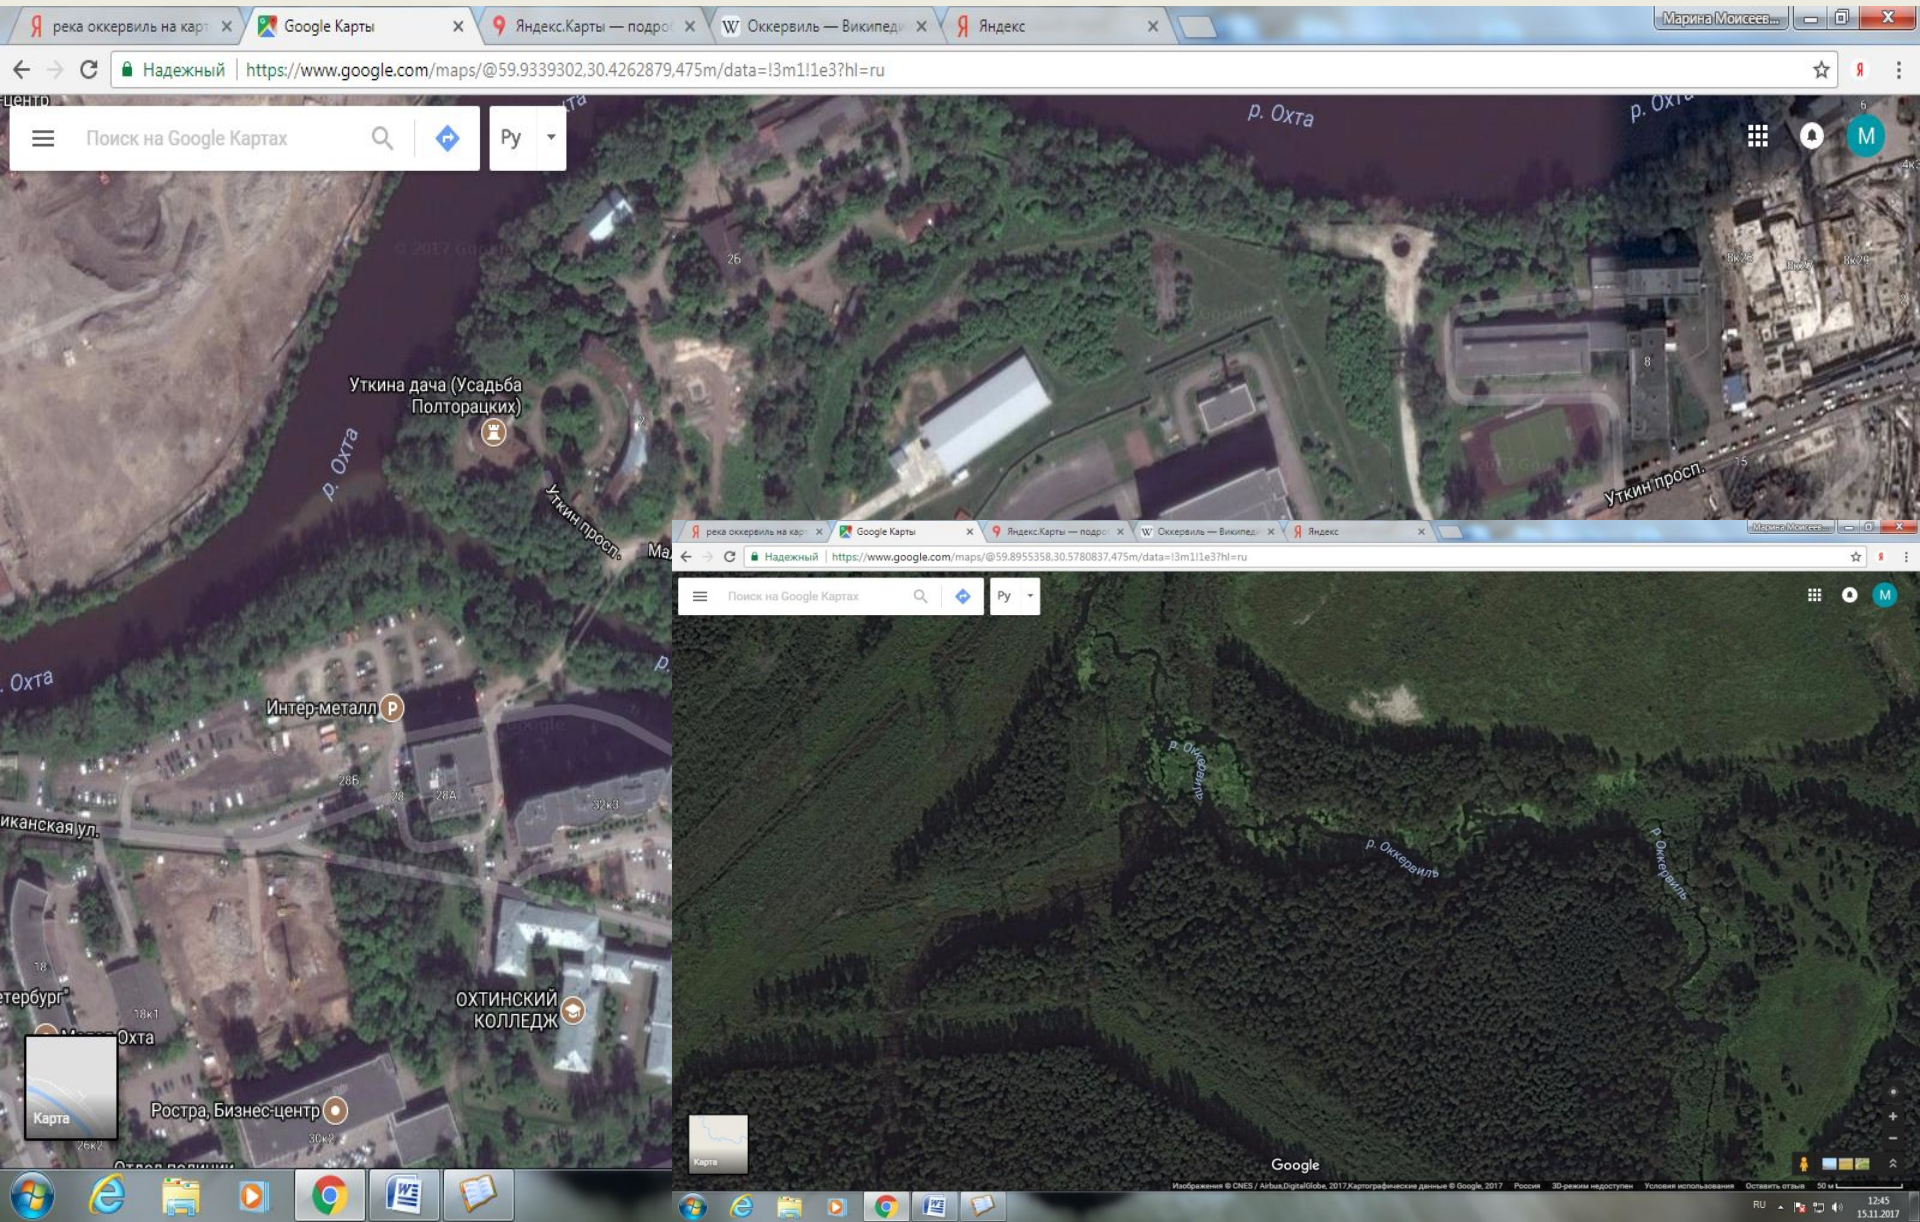

## 1. Collecting information

# Step 2 – We are looking for the cleanest place of the river Okkervil

# Step 3 – We complete our excursion along the river Okkervil

# The result of the project

These signs ask people not to spoil the nature

**Thank you for your attention!**
