

"Love me, love my dog".

Do you want to have a friend?

Dogs had been domesticated by humans for a long time. They have lived people for at least 14000 years.

Dogs can serve people in different ways. They are often called “man’s best friend”.

For example, there are guard dogs, hunting dogs, decorative dogs, guide dogs for blind people

Guard dogs.

Guard dogs have been trained by people to bark at strange people, and sometimes they even attack people that come near them. Guard dogs are very important to people, but if you ever see a guard dog it is better to leave it alone as it might bark, bite or attack. This is the dogs' job.

Guard dogs.

There are also dogs that are trained to smell for diseases in the human body, drugs, and bombs. Lots of people want dogs to keep them safe or look after things, so they buy dogs that are trained to be guard dogs.

Doberman.

**The dog is clever,
very strong and
brave.**
