From early childhood, I dreamed of becoming a famous actress and singer.

I love the American and British films series, and would like to appear in them.

A famous person can not be just, it needs a lot of work, and of course you need to have personal qualities.

Personal qualities:

- Talent
- A lot of experience
- Rich parents
- High self-esteem
- A lot of patience and hard work
- Self-confidence
- A lot of luck
- Good looks
- Finish school of acting
- Knowledge of languages

I think the work is very interesting actress.
If I was an actress, then a few years later would develop in other areas, such as music group, singer, film director.
Wish me luck.
