

The image features a serene sunset over a vast, calm ocean. The sky is a deep, vibrant blue, transitioning from a lighter hue near the horizon to a darker blue at the top. Wispy, white clouds are scattered across the sky, catching the light of the setting sun. The ocean's surface is dark blue with subtle ripples, reflecting the colors of the sky. Overlaid on this background is the text "American inventors" in a large, bold, orange-red serif font. The text is centered and occupies the middle portion of the frame, with "American" on the top line and "inventors" on the bottom line.

American inventors

The Wright brothers

Orville Wright

Wilbur Wright

**They invented, built and flew
the first airplane on December 17, 1903.**

**You can see the Wright Flyer
at the National Air and Space Museum.**

Henry Ford

1863 - 1947

**Henry Ford
was
the founder
of
the Ford Motor
Company
and father
of modern
assembly lines.**

In 1903 he introduced the Model T Ford.

On an assembly line each person has one specific job and, therefore, can do it more efficiently.

Alexander

Graham

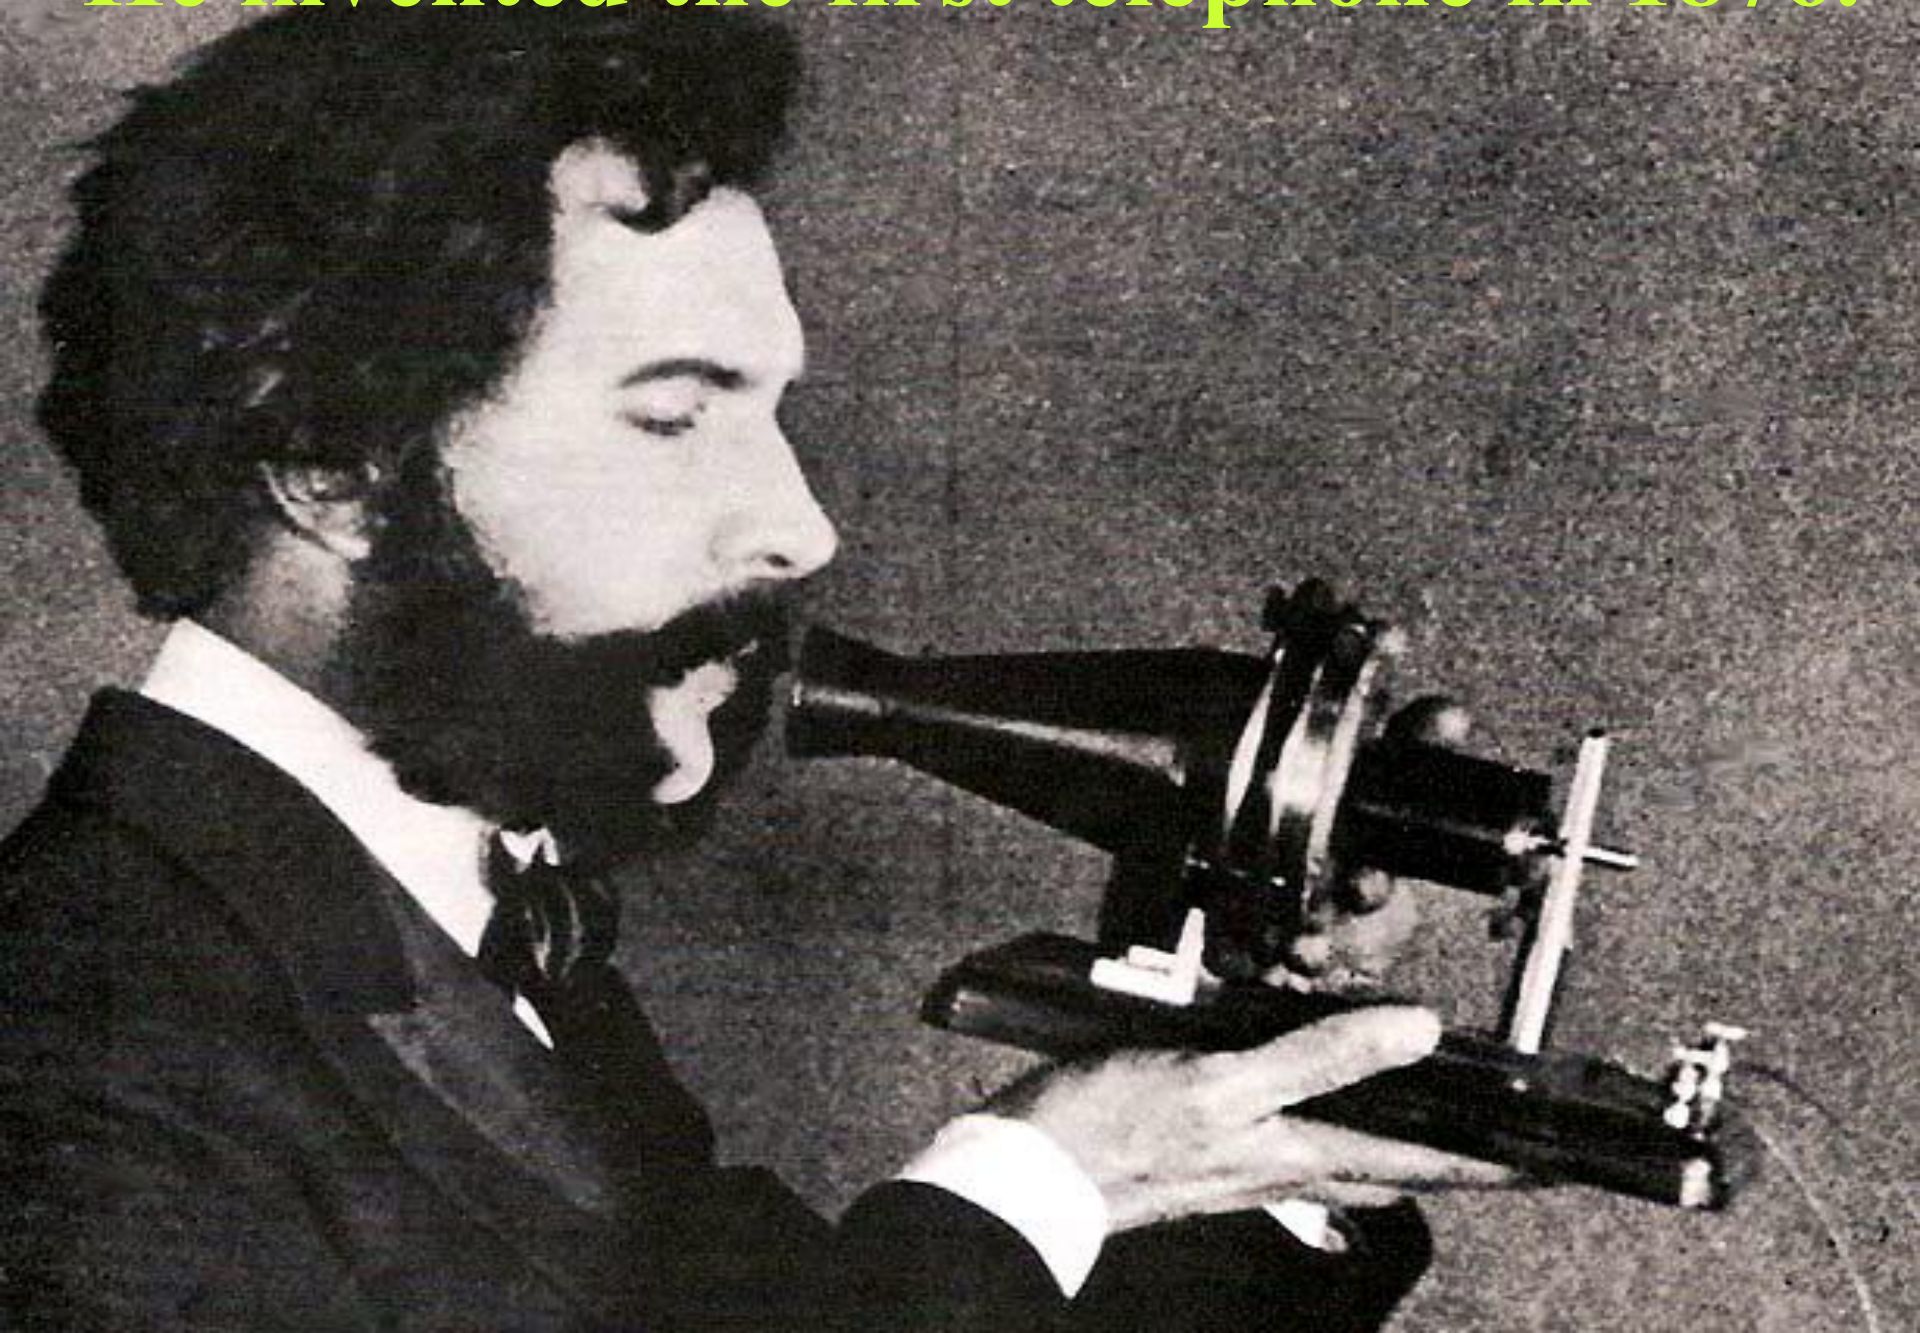

Bell

1847 - 1922

**Alexander
Graham
Bell
was born
in Scotland.**

He invented the first telephone in 1876.

Alexander Graham Bell became a citizen of the USA in 1882.
