Do the "colour sums"

yellow + blue =
black + white =
white + green =

red + blue =
red + yellow =
brown + yellow =

My best friend.

This is Ted. He is from London. He is ten. Ted has got a sister. The boy has got many toys: five red balls, four white cats and one black dog. Ted wants to have a brown bear. He likes to play with his sister and his toys.

Make up:

Bears

A fox

Chickens

Elephants

A crocodile
