

Australia

Australia

A continent, a country, and an island

History in Brief

- **Aboriginal settlers arrived on the continent from Southeast Asia about 40,000 years before the first Europeans began exploration in the 17th century.**
- **Six colonies were created in the late 18th and 19th centuries; they federated and became the Commonwealth of Australia in 1901.**
- **The new country took advantage of its natural resources to rapidly develop agricultural and manufacturing industries and to make a major contribution to the British effort in World War 1 and 2.**
- **In recent decades, Australia has transformed itself into an internationally competitive, advanced market economy.**

Canberra

- Population -323,056 (8th)
- Area -805 sq. km
- **Canberra** is the capital city of the Commonwealth of Australia.
