TU

Concord

IL

Airbus

Boeing

Passengers can fly by first class,
business class, economic class.

business class

economic class

first class

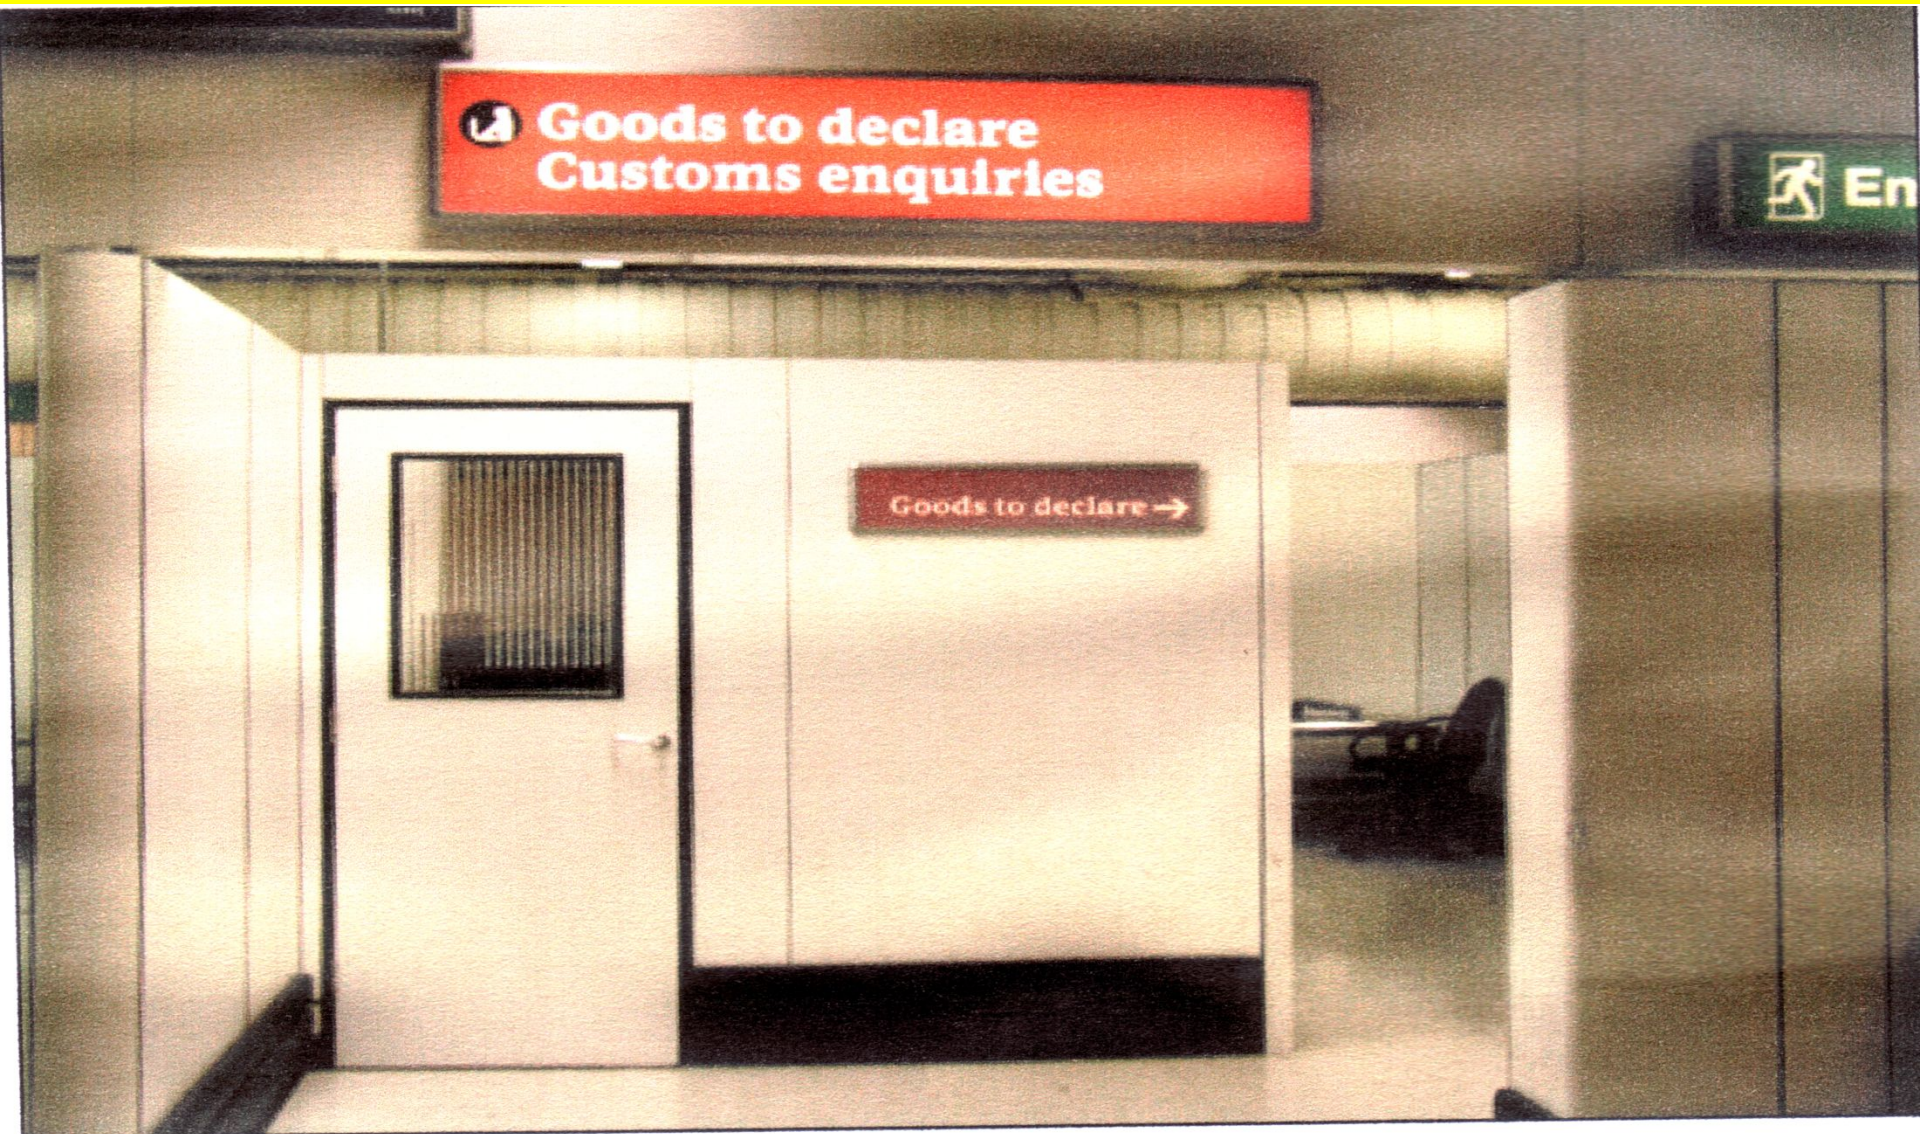

First of all passengers must go through the customs.

All the passengers must fill in the customs form if they have something to declare.

There is a list of goods to declare
in front of the customs.

The customs officer checks the luggage
and the customs form

If everything is in order the customs officer signs the customs form.

The passengers should be calm and polite and show their luggage if they being asked.

Then passengers should go to the clerk to register their tickets, to get a boarding pass where he points the seats.

The clerk weighs the bags and suitcases and puts baggage claims on them.

The clerk gives the passengers their baggage claim checks.

Then the luggage moves into the luggage compartment.

Passengers can carry luggage up to 25 kg for international flights, business class passengers can carry 30 kilogrammes.

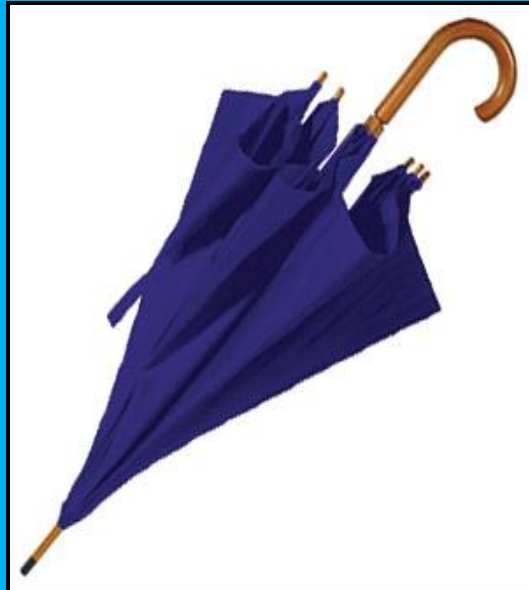

Luggage up to 5 kilogrammes can be transported as a hand luggage.

Each passenger can take his hand luggage on board.

A hand luggage includes a lady's handbag, a coat or a raincoat, an umbrella or a walking stick, business documentation.

Then the passengers should go to the passport control officer.

The officer checks the passport and visa and puts a special mark.

Officers are usually very polite.

Then the passengers go to the departure lounge.

When the announcer declares the boarding the passengers go to the gates.

The stewardesses meet the passengers at the plane's door.
