

Brain the SPARTAN.

I use it for struggling against hooligans
and bad sites.

You can use it anywhere and when necessary.. But it is better to use it in the streets, at night. Because it can protect you if somebody wants to attack you.

Zzzz

Че не спим?
Ночь же?

НЕЗЯ!!!

That "BS" (BRAIN the SPARTAN) starts working when it is given cookies and orange water.

Having eaten cookies it starts to walk in the streets and fight with enemies or hooligans.

Ну вот. Щас драться будет. =(

Что-то мне странно!!

It has got brains, a mouth, eyes, hands and Kalashnikov's automatic machine.
