Stereo morning

This program gives students a fresh supply of energy and helps them wake up and focus on their studies. In this program we record popular active music. And we`re sure you`ll like it.

School news

It's a five-minute program where we tell students about different important events in our school and about changes, for example in timetable.

*What's
new?*

Music Non stop

In this program we record music for all tastes. We have table of orders, so you can text or call and ask us to record music which you want to hear.

The outcome of the day

Here we tell you about things that happened during the day and what we will tell you tomorrow.

Thank you for attention
