

Do you know
what doctor to go to?

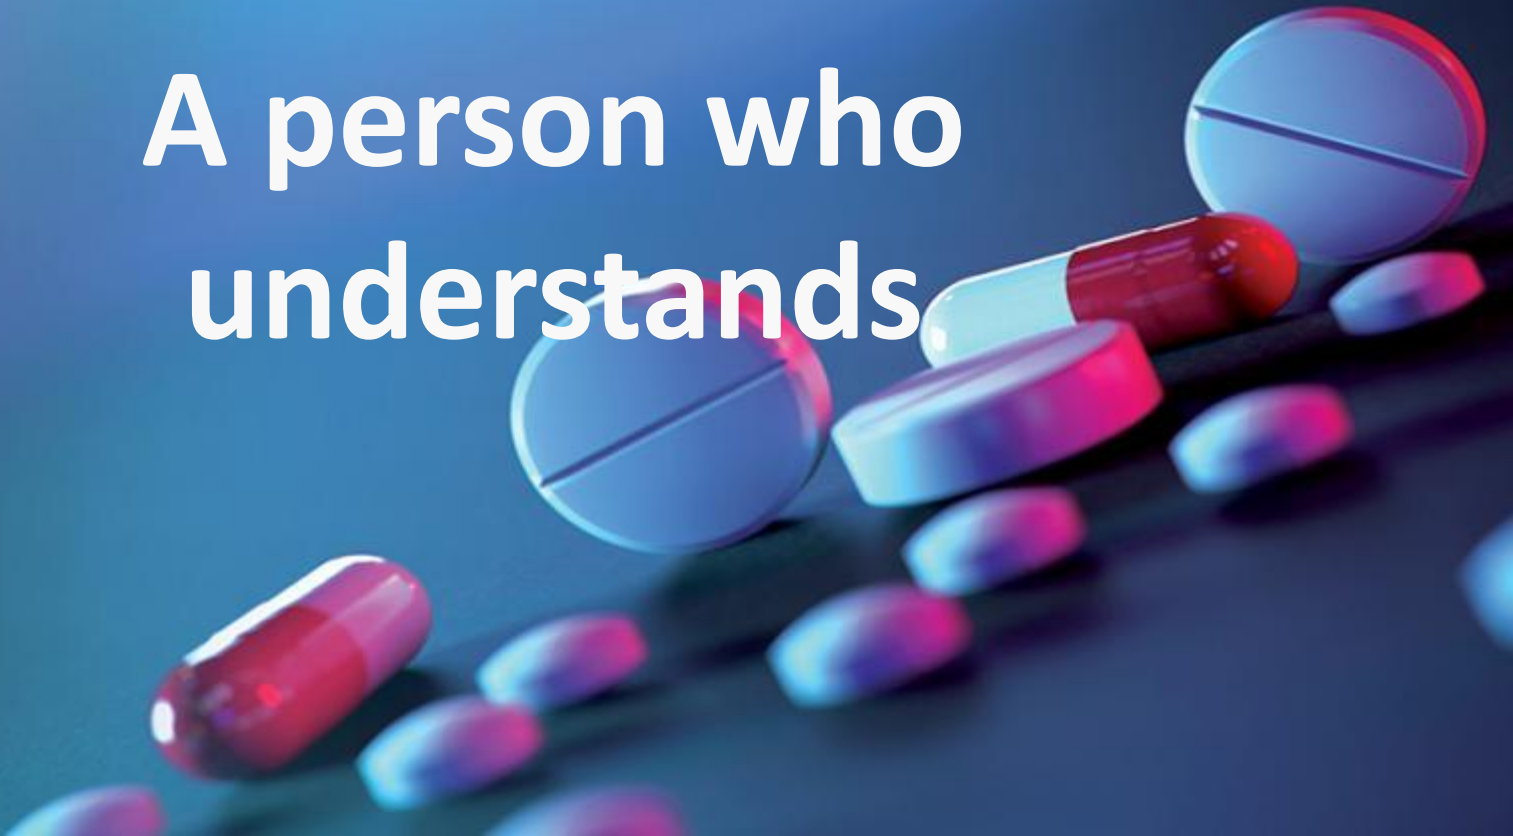

A close-up photograph of a yellow plastic pill bottle lying on its side, spilling numerous white, oval-shaped pills onto a light blue surface. The pills are scattered across the foreground and middle ground, with some showing faint markings like '203' and '357'. The background is a soft, out-of-focus light blue.

**What ancient languages
are used to name doctors?**

Latin and Greek

**What does the word
LOGIST mean?**

**A person who
understands**

**What doctor specializes
in
skin diseases?**

Dermatologist

A photograph of two surgeons in an operating room. They are wearing blue scrubs, blue surgical caps, and blue face masks. The surgeon on the left is wearing glasses and is focused on a patient lying on a table covered with a yellow drape. The surgeon on the right is also focused on the patient. Several large, circular surgical lights are visible in the background, illuminating the scene. The background wall is made of light-colored tiles.

What do surgeons do?

They operate on people

**WHO WILL YOU VISIT
IF YOU HAVE PROBLEMS
WITH YOUR STOMACH?**

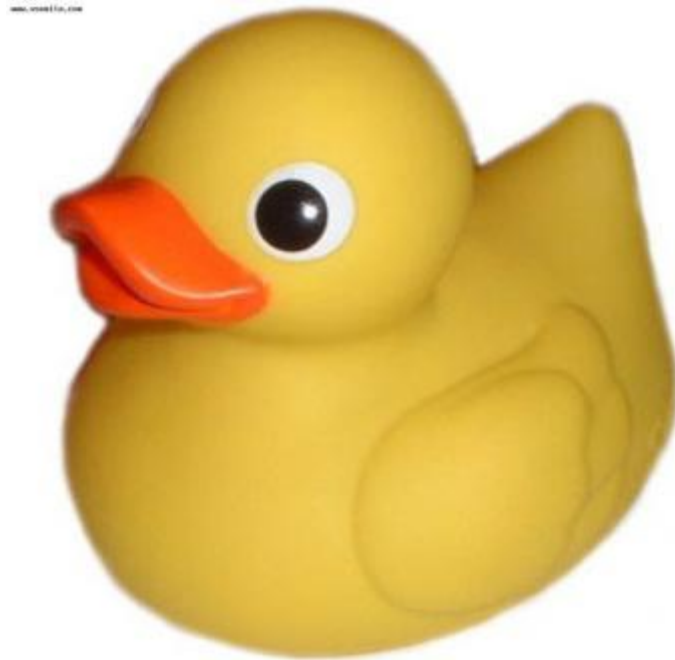

GASTROENTEROLOGIST

An optician will prescribe you...

Glasses

**How do you call a doctor
who is not a very good
doctor?**

A quack

**You did a great job!
That's all for now!
See you soon!**
