England is a [country](#) that is [part](#) of the [United Kingdom](#). It shares land borders with [Scotland](#) to the north and [Wales](#) to the west. The [Irish Sea](#) lies north west of England, whilst the [Celtic Sea](#) lies to the south west. The [North Sea](#) to the east and the [English Channel](#) to the south separate it from [continental Europe](#).

There are a lot of places of interest in Great Britain. There are both modern and ancient monuments, like Stonehenge and Hadrian Wall, Durham castle and York Cathedral. Britain also has many interesting museums. For example one can visit the Steam Boat Museum in Embleside . The oldest ship in this museum — her name is “Dolly” — is 150 years old. In York the tourists are usually attracted by the National Railway Museum. It contains the history of Stephenson’s invention of steam locomotive. But the main attraction, no doubt, is London places of interest. Among them there are: Westminster Abbey, the Houses of Parliament, Buckingham Palace, St Paul’s Cathedral, London Bridge, the Tower of London. On the Houses of Parliament one can see the famous Tower Clock Big Ben, the symbol of London. Big Ben is the real bell which strikes every quarter of an hour. Another place which you can admire is Buckingham Palace. It’s the residence of the Queen. London is also famous for its beautiful parks. Hyde Park is the most democratic park in the world, as anyone can say anything he likes there. Regent’s Park is the home of London Zoo. Visiting this country, don't forget about its natural attractions such as the Highlands, Loch Ness, where some people think a large monster lives and the Lake District, the place, associated with the history of English literature.

THE ALBERT MEMORIAL

The Albert Memorial was commissioned by Queen Victoria in memory of her beloved husband, Prince Albert who died of typhoid fever in 1861, aged 42. It was designed by Sir George Gilbert Scott in the Gothic Revival style and opened in July 1872 by Queen Victoria. The memorial is 176 feet tall, took over 10 years to complete, and cost £120,000. The cost was met by public subscription.
