

Flamenco

Alyona Bondar
Form 10-A
School 12

*Flamenco -
Spanish music
and dance typical
of the Gypsy, or
gitano.*

Flamenco is known for its emotional intensity, proud carriage, rhythmic stamping of the feet and clapping of the hands.

Flamenco dancing also is characterized by colorful costumes: its execution is brilliant, noisy, and passionate.

A photograph of a flamenco performance. In the foreground, a woman in a vibrant red, ruffled dress is captured in a dynamic pose, her arms raised and head tilted back. She is holding the hand of a man in a dark suit, who is also in a dramatic pose with one arm raised. In the background, a man is seated and playing a guitar. The scene is lit against a dark background, highlighting the performers.

*Flamenco music is
a highly emotional
type of song
accompanied by a
guitar.*

As with any dance form, many different styles of flamenco have developed.
