Marina Bay Sands

- Just recently opened in Singapore Hotel Marina Bay Sands, which can rightly be called the most extraordinary hotel in the world.

- The complex consists of three tall towers, framed by a huge beach area with swimming pool at an altitude of 200 meters.

- It is the largest hotel in Singapore, it includes more than 2500 rooms and suites.

- But without a doubt, the focus of reviews is the world's largest one hundred and fifty meter outdoor swimming pool on the roof of the hotel.

- 2561 rooms and suites, 55 floors, 18 different types of rooms and 230 luxury VIP suites with private butler service and access to VIP areas - all these Hotel Marina Bay Sands.

- Tower of the hotel have a slope, the first one was built at an angle of 26°, making it one of the most complex ever built hotels.

- The hotel area of 1.2 hectares of stylized tropical oasis in the lush gardens which grow more than 250 exotic trees and 650 plants.

- Even if you're not a guest here you can visit the observation deck SkyPark, to experience a sense of unsurpassed Singapore.
