

*Ilya
E. Repin*

He was born on August, 5th 1844 in Kharkiv governorate. He graduated icon-painting school. Then he became a student of I. Kramskoi. He was awarded 2 gold medals. Repin travelled a lot (Russia, Ukraine, France, Italy, England etc.), when he explored people, their life, traditions. That's why I think he painted such true-to-life pictures.
