

INTERNET

The Internet is:

- a network of computers;
- an information resource;
- a communication system;
 - a community of users;
- a collection of services.

World Wide Web is the set of pages that are linked references.

* *set* – набор

* *referance* - ССЫЛКА

Site is a group of pages that belong to one organization.

* *belong* – принадлежать

Social Network is a website that is designed for social interaction of people.

- * *designed* – предназначенный
- * *interaction* - взаимодействие

for example...

Vkontakte

The image shows the VK login and registration interface. On the left, there is a login form with fields for "Phone or email" and "Password", a "Log in" button, and a link for "Forgot your password?". On the right, a "Welcome!" message states "VK is the largest European social network" and includes a "Sign up for VK" button. The VK logo is prominently displayed at the top left.

The image shows a VK conversation window. The header includes a search bar with "51" results, navigation links for "search", "games", "help", "invite", "music", and "log out", and a "Conversations" tab. The active conversation is with "Murray Rothbard" and has a title "State or no state?". The message history shows three messages from "Ann", "Victoria", and "Emily" discussing historical and political topics. A photo of three women in "Miss World" sashes is attached to the last message. The bottom of the window shows a "Send" button and a note "to 8 people in the conversation".

The image shows a VK news feed. The header includes a search bar with "51" results, navigation links for "search", "games", "help", "invite", "music", and "log out", and a "News" tab. The feed displays a post from "Vogue" with a photo of a woman in a coat, a post from "Axel Neff" with the text "Never said anything in Latin in my life. And why am I supposed to start in mid-sentence anyway?", and a post from "Sati Kazanova" with a photo of a woman. The feed also shows a "New Message" notification from "Eileen Anderssen" and a "Showing all news" button.

and many others.

There are many advantages of Internet. I think that the Internet becomes a way of a person life and it is very harmful for our health. I don't against the Internet, but it should have reasonable limits.

* *advantage* – преимущество; *harmful* - вредно
against – против; *reasonable* - разумный
