My Dream

(Gillian Brown)

I love all kinds of animals
Dogs and cats and rabbits.
I love all kinds of animals,
Despite their little habits.

If I had tons of money,
D'you know what I would do?
I would buy lots of animals
And have my own zoo.

But they wouldn't be in cages,
They would be free to run around.
And there's one thing they would feel
And that is safe and sound.

Be careful what you say or when you visit the animals in the zoo.

- Why should people be careful?

Let us have a guessing game.

- *The task is to name the animal described by your classmate.*
- Are you ready?
- Can we start?

- Please, be very attentive, we shall check your answers on the screen.

a crocodile

a bear

a fox

a monkey

a whale

an elephant

a kangaroo

Thank you. Good work.

- You know the animals very well and we can speak about them for a long time.
- They live all around us, but if you want to see exotic animals you should go to the zoo.
- There are many zoos in the world, but we shall speak about *London Zoo* today.

Imagine yourselves in London.

London Zoo

- 1826 – The Zoological Society of London was founded.
- 1828 – A collection of animals was opened in Regent's Park.
- 1830 – The collection of animals was greatly enlarged with the addition of royal menagerie from Windsor and the animals from the Tower of London.
- 1839 – The first giraffes appeared in the Zoo.
- 1850 – In this year the Tsar of Russia presented two bison to the Zoo.
- 1874 – In this year the first baby hippopotamus was reared.
- 1880 – In this year the first koala bear arrived to live outside Australia.

Now it is time to speak about animals that you take care of.

Let us play a game.

- You will be my animals and I will be your trainer.
- You should do everything I tell you to do.

- Are you ready?
- We start.

- Stand up!
- Run!
- Jump!
- Fly!
- Swim!
- Sing a song!

Please sing a song.

A dog, a cat, a rabbit. (3 times)

Can run and jump and skip.

**A cat and a rabbit, a cat and a rabbit
can**

run and jump and skip. (2 times)

- Let's run to our topic. We were speaking about animals in Regent's Park. There are many exotic animals there. Thousands of visitors come to the Zoo every week.

Why do people need Zoos?
What is good about them?
