The Dog

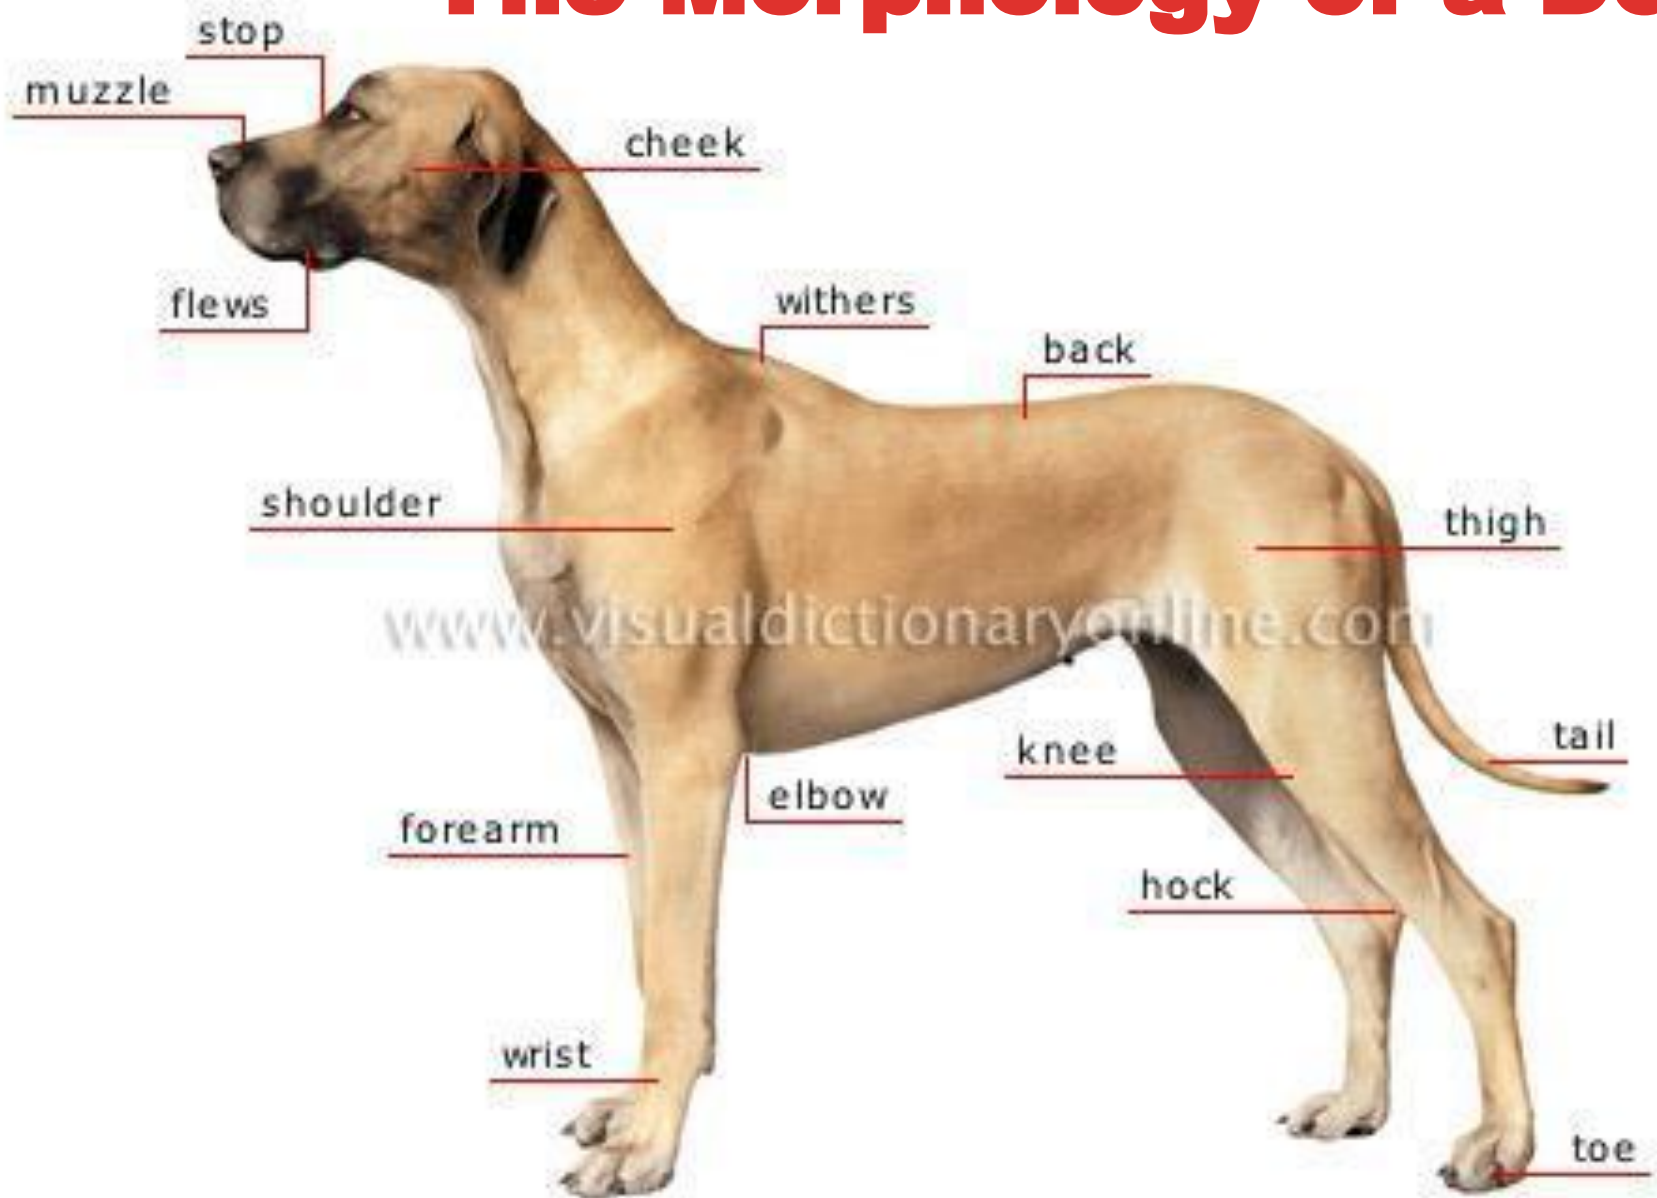

A white dog, possibly a Samoyed, is standing on a green lawn. The dog is facing left, looking slightly upwards with its mouth open. It has a black collar with silver studs. The background is a dense field of green grass.

The Definition from Wikipedia

The dog is a subspecies of the gray wolf a member of the Canidae family of the mammalian order Carnivora. The term "domestic dog" is generally used for both domesticated and feral varieties. The dog was the first domesticated animal and has been the most widely kept working, hunting, and pet animal in human history. The word "dog" can also refer to the male of a canine species, as opposed to the word "bitch" which refers to the female of the species.

Here, the dog is alleged to have belonged to Llywelyn the Great, Prince of Gwynedd, a gift from King John of England. In this legend, Llywelyn returns from hunting to find his baby missing, the cradle overturned, and the dog with a blood-smeared mouth. Believing the dog savaged the child, Llywelyn draws his sword and kills it. After the dog's dying yelp Llywelyn hears the cries of the baby, unharmed under the cradle, along with a dead wolf which had attacked the child and been killed by Gelert. Llywelyn is then overcome with remorse and he buries the dog with great ceremony, yet he can still hear the dying yelp. After that day Llywelyn never smiles again.

Dogs can be playful and run for a ball,
Dogs can be good and come when you call,
Dogs can be friendly when they wag their tail,
Dogs can be yucky when they sniff a snail,

Dogs can do chewing and bury a bone,
Dogs can be noisy and make Mummy groan,
Dogs can be dirty and covered in goo,
Dogs can be naughty and chew up your shoe.

Dogs can be fluffy and dogs can have spots,
Dogs can have some and dogs can have lots,
Dogs can be naughty and dogs can be good,
Dogs can do poop where never they should,

Dogs can be funny when they catch a fly,
Dogs can be greedy when they smell shepherds
pie!

Dogs can be fun and dogs can be fine,
Dogs are best friends and I LOVE mine!

My Dog

By Karyn Jayne Sheeley,
USA

Champ's my dog and he's always in my heart,
He loves me as well, and that's the best part.
Champ is exceptionally pleasant, he is rarely ever a pest,
He's affectionate and loving, that's what makes him the best.
Wherever I go, no matter where I am,
His love stays with me, his friendly self, gentle as a lamb.
And when he dies, and leaves me behind,
He will never be forgotten, since he was the pleasurable kind.
Champ always has happiness to lend,
And that's what makes him my true best friend.

Dogs & Superstitions

A fluffy husky dog with light brown and white fur is standing in a field of yellow flowers under a blue sky. The dog is looking to the right with its mouth open and tongue out.

It is good luck for dogs to come to your house.

Howling dogs are a sign of bad luck or illness.

Dogs age 7 years for every human year. Contrary to popular belief, there is no exact formula to gauge how much a dog ages – it's as individual for dogs as it is for people. But a rough guide is thus: The first year of a dog's life is equivalent to 16 human years. After 2 years, they are the equivalent of a 24-year-old. At 3 years, they are the equivalent of a 30-year-old. Each year after, add 5 human years to determine your dog's age. This is a rough guide, however.
