A silhouette of a pine tree with many thin, radiating branches, set against a vibrant sunset sky with colors ranging from blue at the top to orange and red at the bottom. The tree is the central focus, with its branches spreading out in all directions.

**FUTURE?**

***I decided to be a journalist. I think it is an interesting and useful profession.***

I like to watch TV, listen to the radio, read newspapers and magazines.

I like everything which connected with mass media.

*I like the profession of a journalist. They meet many people. They try to understand what is going on in the world, or the country, or the city and try to explain it to other people.*

*I think that the work of a journalist is very much like that of historian. A historian studies and tries to explain events of the past and a journalist does the same about the present.*

*But for me to be a journalist is much more interesting than to be a historian because you deal with real events that are happening right now so you can even influence them.*

# JOURNALIST

What I think I do

What my mother thinks I do

What my friends think I do

What I really do

So journalists can influence the history. That is why I want to be a journalist.
