Gina was born in the U.S. state of Texas, in Dallas, 16 April 1982.

- Today, this athlete is the unofficial face of women's MMA. But still, as a schoolgirl Gina played basketball and volleyball. Over time, a new hobby — Muay Thai. It is this latest craze has become the basis of the length of the career of the athlete.

The first fight in mixed martial arts took place when Gina was still 24 years old. At that time, she has had 14 fights (12 wins, 1 defeat, 1 draw). At that moment, Gina participated in the tournament WEF and she had to step into the ring with Leica Pestaway. The opponents were very serious, she has studied a variety of martial arts. The battle had to be very heavy, which is why Gina gave a lot of time training. But all fears were in vain, in the first round, after 38 seconds after the bell, the world saw the winner.

- In the end, during his career, Gene spent 14 local fights in Muay Thai, including 12 victories — 1 defeat — 1 draw and 8 in the mixed single combats, 7 victories, 1 defeat. After the last match (losing), Gina concentrated on the set of numerous photo shoots / filming (cinematography), though I've never studied neither actress nor model
