

A vibrant underwater scene with a jellyfish, colorful coral, and fish. The background is a deep blue ocean with sunlight rays filtering down. In the foreground, there are various colorful coral reefs in shades of orange, red, and green. A large, translucent jellyfish with a white bell and long, flowing tentacles is positioned in the center. Several small, colorful fish are swimming around, and a school of fish is visible in the upper right. The overall atmosphere is bright and lively.
