# All about your company

В Великобритании преобладают компании с ограниченной ответственностью. В названиях таких компаний слово **Limited** (обычно сокращенное до **Ltd**) ставится в конце. Компанию с ограниченной ответственностью, акции которой копируются на фондовой бирже, называют **public limited company** или **PLC**.

Относительно компании вы можете употреблять местоимения **it** или **they**. Оба варианта являются правильными, если употребляются с соответствующими формами глаголов: глаголы в форме единственного числа употребляются с местоимением **it**, а глаголы в форме множественного числа – с местоимением **they**.
